

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

### About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. \*Deceased.

†Appointed to fill unexpired term of Dr. Curryer.

*To his Excellency, WINFIELD T. DURBIN, Governor of Indiana:*

The Indiana State Board of Medical Registration and Examination has the honor of submitting herewith a report of the work of the Board for the year ending December 31, 1902. The Board desires to express to the Governor its appreciation of his valued aid in the administration of the law, and for such advice and suggestions as he, from time to time, deemed necessary.

It is with much satisfaction that we note the fact that Indiana now has one of the most efficient medical laws in the United States. When the law was enacted, in 1897, but a limited number of people of the State and not all the medical profession appreciated its advantages. Many seemed to think that none but physicians were interested in, or could be benefited by the law. Members of the Legislature entertained the opinion that no one could be interested in the competency of the attending physician except the patient and the doctor; that if a man wanted to have some old lady treat him, or some hoodoo doctor, faith healer or a magnetic rubber, it could be of no concern to any one except the patient. Now, not only the profession, but the people are coming to realize that the whole community is vitally interested in the question of the physician's competency. There is probably not a city in the State that has not suffered from epidemics of diphtheria, scarlet fever, smallpox and typhoid fever, costing hundreds of thousands of dollars and hundreds of lives. Many of these epidemics would have been avoided if the physician in charge of the initial case had been competent, recognizing the nature of the case and instituting proper quarantine and proper management. Health officers know that some of the most disastrous epidemics that have scourged the State have come from the shameful ignorance or carelessness of the doctor called to the first case.

The salutary provisions of the law are again seen in the elevation of the standards of medical education in not only the medical colleges of our own State, but in every State. When the law was

enacted there were men and women engaged in the practice of medicine, surgery and obstetrics in Indiana, holding diplomas from no less than fifteen so-called medical colleges, that did not furnish an adequate medical education. The spirit of commercialism, like a blighting curse, pervaded many of the colleges. With a view to making a little easy money and obtaining some cheap reputation, a few men, or as in one instance a man and his wife, would obtain a charter and start a college. In some instances no pretension at instruction was given at all. Two or three rooms in a cheap building, some advertising matter, and a typewriter or two constituted the medical college equipment. A list of questions sent out to the prospective doctor, a short correspondence respecting the fees and a flaming diploma, written in Latin, constituted the educational process, and some community had a new doctor. Some of these colleges made a pretense of furnishing instruction and required some attendance, but the work done and the advantages and education furnished the student was so utterly deficient that their students could not pass the State Board examination. That these institutions are no longer a menace to the people of the State is ground for congratulation. The time is past in Indiana when any person without educational preparation can announce himself "A Physician," and for personal gain, prey upon the credulous sick without molestation. It is a subject for congratulation also that nearly all the States and Territories have enacted medical laws for the protection of the people from the boasting quack and medical vampire. The law does not seek to deprive the people of their choice in the selection of a physician, or their preference for any school of medicine, but demands that physicians of all schools shall be competent, educated men. The people are to be congratulated that the Legislature has refused to either weaken or overthrow the law, in response to the demands from lobbies, made up of all manner of claimants for recognition. It is to be regretted that the quack and charlatan have at times been joined by students seeking exemption from examination. This is a great error on the part of students, and would ultimately, if successful, degrade the profession they seek to enter.

The recognized medical colleges in our own State have faithfully co-operated with the Board in its efforts to elevate the standard of medical education. The standard now fixed by the Board

under the provisions of the law is such that any student graduating from an Indiana medical college, under the present standard of entrance requirements, would be eligible to examination under the rules of any examining Board in any State.

The question of inter-State reciprocity has been from the first and is now receiving the earnest attention of the Indiana Board. The principal difficulty experienced by all the States in their efforts to establish reciprocity is the dissimilarity of the medical laws of the various States. Some States are not able to reciprocate with Indiana, because of the absence of a reciprocity provision in their laws. Again, the requirements in a few of the States are so low that Indiana can not accept the work of the Boards in such States as a sufficient test of qualification. The work of the Board in this regard, however, is not being abandoned. Reciprocity is demanded by the profession everywhere. The contention is made, and justly, too, that a well-qualified man having submitted to a thorough test of qualification in one State should be permitted to practice in any State without a re-test of qualification. The Indiana Board believes that unlimited reciprocity under existing conditions is not possible nor desirable. To this end the Board is in affiliation with the National Association of Medical Examining and Licensing Boards, and will not cease its efforts until a just and equitable basis of reciprocity has been established.

## In Memoriam.

---

WILLIAM FUGATE CURRYER.

1845-1902.

William F. Curryer, M. D., aged fifty-seven years, though apparently in the vigor of physical and mental health and usefulness, died suddenly of cerebral hemorrhage on the 5th day of July, 1902.

Dr. Curryer was an honorable Christian gentleman, a physician and surgeon of more than ordinary ability, a friend to honorable medicine, as evidenced by his earnest efforts to procure the enactment of the statute regulating the practice of medicine now in force in this State. He was appointed a member of the first State Board of Medical Registration and Examination thereunder, and served as its Secretary until the time of his death. In the performance of the arduous duties of his office he was just to the State and just to the medical profession. To his colleagues in office he was ever courteous and considerate. By his death we believe the State has lost a good citizen and an efficient and conscientious officer, the medical profession a zealous guardian of its honor and good name, this office an able member, and, above all, his family a kind and affectionate husband and father. As a mark of our respect and appreciation of the many good qualities of our deceased colleague,

**RESOLVED:** That the foregoing be spread of record in this office and a copy thereof be presented to his family.

## **INDIANA MEDICAL LAW OF 1897, WITH AMENDMENTS OF 1899 AND 1901.**

---

Section 1. Be it enacted by the General Assembly of the State of Indiana, That it shall hereafter be unlawful for any person to practice medicine, surgery or obstetrics in this State without first obtaining a license so to do, as hereinafter provided.

Sec. 2. After this law goes into effect, any person desiring to begin the practice of medicine, surgery or obstetrics in this State, shall procure from the State Board of Medical Registration and Examination a certificate that such person is entitled to a license to practice medicine, surgery and obstetrics in the State of Indiana; and in order to procure such certificate the applicant shall submit to the State Board of Medical Registration and Examination his diploma, with an affidavit setting forth the time and number of terms, duration of each term, applicant was required to be in attendance at said school in order to complete said course of study, and that the affiant is the person to whom such diploma was issued. Such application shall be accompanied by the affidavit of two free-holders resident in the same county in which the applicant resides, stating that the applicant is the person named in the accompanying diploma and application for a certificate. All diplomas received by the Board shall be returned to the person owning the same, and for failure to return any diploma to its lawful owner within a reasonable time the secretary of said Board shall be liable on his bond for damages in the sum of twenty-five dollars (\$25). Such applicant shall pay to said Board the sum of ten dollars (\$10) at the time of making such application. All persons who were practicing medicine, surgery and obstetrics in the State of Indiana on March 8, 1897, and have not complied with the provisions of the law, and desiring to continue the same, shall, on or before July 11, 1899, obtain a certificate that they are entitled to do so by presenting to the State Board of Medical Registration and Examination the license possessed by them at the time of the passage of this law, together with an affidavit that they are the legal pos-

sessors of the same, and the persons mentioned therein, and such applicant shall pay to the Board the sum of one dollar (\$1) at the time of making such application. The Board shall thereupon issue to such applicant a certificate, which, when presented to the County Clerk of the proper county, shall entitle the holder to a license to practice medicine, surgery and obstetrics in the State of Indiana. In the event an applicant for a certificate from the State Board of Medical Registration and Examination shall present a diploma from a medical college which is not recognized as maintaining a sufficiently high grade or standard of medical education as defined and fixed in the records of the Board, the applicant shall have the privilege of being examined as to his qualifications to practice medicine, surgery and obstetrics in such manner as the Board shall provide, and if he shall pass an examination satisfactory to the Board he shall receive a certificate, the same as if he had presented a satisfactory diploma and other evidences and qualifications for the practice of medicine. But if he should fail to pass such examination he shall be permitted to submit to another examination within twelve months from the time of the first examination. He shall pay to the State Board of Medical Registration and Examination the sum of twenty-five dollars (\$25): Provided, however, That payment of said sum of twenty-five dollars (\$25) shall entitle him to a re-examination in case of failure at the first or any subsequent examination: And provided further, That if such applicant shall fail to pass the examination prescribed by such Board of Medical Registration and Examination, he shall have the right to an appeal to the Circuit or Superior Court of the proper county, requiring such Board to show cause why such applicant should not be permitted to practice medicine, surgery or obstetrics in the State of Indiana, upon the applicant giving a good and satisfactory bond, to be approved by the court, to secure all costs of suit should the appeal be determined against him. Upon the receipt of the certificate by the applicant from the State Board of Medical Registration and Examination, the applicant shall, upon the presentation thereof to the Clerk of the county in which he resides, receive from the County Clerk a license to practice medicine, surgery and obstetrics within the State of Indiana. The person receiving such license shall pay to the County Clerk fifty cents (\$0.50) as his fee for issuing and recording such license, as hereinafter provided.

In case of change of residence from one county to another within this State, the holder of a physician's license shall obtain a new license in the county where he proposes to reside, by filing with the County Clerk the license obtained by him in the county in which he last resided, in the same manner as provided for on the presentation of his certificate from the State Board of Medical Registration and Examination, and the Clerk shall issue him a new license. (As amended March 3, 1899, Acts 1899, p. 247.)

Sec. 3. It shall be the duty of the Clerk of the county in which an applicant resides to issue to the person presenting such certificate, as hereinbefore provided for, a license under his official seal in the following form:

State of Indiana, County of.....ss.:

I, ..... Clerk of the Circuit Court of ..... County, in the State of Indiana, do hereby certify that ..... has complied with the laws of the State of Indiana relating to the practice of medicine, surgery and obstetrics in the county and State aforesaid.

Witness my hand and seal of said court this ..... day of ..... , 189..

..... Clerk.

The County Clerk shall enter of record the name, age, place of birth, address, school or system of medicine to which said applicant belongs, and the person so registering shall subscribe to and verify by oath before such Clerk an affidavit concerning such facts, which, if wilfully false, shall subject the affiant to conviction for perjury. The County Clerk shall furnish annually, on the first day of January, to the State Board of Medical Registration and Examination, upon blanks furnished by said Board, a duplicate list of all certificates received and licenses issued by him during the preceding year, and shall include therein the date of issue of said license, and the name, age and residence of the person receiving the same.

Sec. 4. Within thirty days after this law goes into effect, it shall be the duty of the Governor of the State of Indiana to appoint a State Board of Medical Registration and Examination, composed of five (5) members, who shall serve, two for one year, one for two years, one for three years and one for four years; and

their successors for a term of four years each. No school or system of medicine shall have a majority representation on such Board. Said Board shall be nonpartisan, and not more than three shall be members of any one political party. The Governor shall select members of said Board of Medical Registration and Examination from reputable physicians in this State who are graduates of any college of medicine of good repute: Provided, That no professor or teacher in a medical college shall be appointed as a member of such Board: Provided, further, That each of the four schools or systems of medicine having the largest numerical representation in the State shall have at least one representative on said Board. Should a vacancy occur in said Board by death, resignation, removal or otherwise, then it shall be the duty of the Governor to fill the vacancy from the school or system entitled to representation by virtue of such vacancy. The Governor shall have power to remove any member of said Board for incompetency, gross immorality, for any abuse of his official power, or for other good cause, and may fill any vacancy thus occasioned by appointment. Any person appointed to fill any vacancy on such Board, whether occasioned by death, resignation, removal or otherwise, shall hold for the unexpired term of the member whose place he is appointed to fill.

Sec. 5. It shall be the duty of the members of the State Board of Medical Registration and Examination to meet in the city of Indianapolis within thirty days after their appointment, and organize by the election of a President, Secretary and Treasurer, who shall serve until the second Tuesday in January following, and their successors shall be elected on the second Tuesday in January annually thereafter. The said Board shall hold regular meetings on the second Tuesday in January and July of each year, and as often in addition as may be necessary for the transaction of such business as may properly come before it under the provisions of this act, and shall have power to make all necessary rules and regulations for the transaction of its business.

For their services the members shall receive the sum of six dollars (\$6) per day, and their traveling expenses necessarily incurred in the attendance upon the business of said Board. It shall be the duty of the Secretary of said Board to keep a record of all applications for certificates, and such record shall contain all the facts

set forth in such application, including the action of the Board thereon, and shall execute all orders of said Board, and the Secretary shall have for such service the sum of two hundred and fifty dollars (\$250) per annum, to be paid from the funds of said Board, and said Board may employ a clerk, and fix his salary at not more than five hundred dollars (\$500) per annum.

It shall be the duty of the Treasurer of said Board to pay quarterly all moneys received by the Board to the Treasurer of State, which moneys shall be credited to a separate and permanent fund for medical registration and examination, which is hereby created. All moneys so paid to the Treasurer of State shall remain and be a separate and permanent fund for the maintenance of the said Board of Registration and Examination. The said Board shall, by its President and Secretary, from time to time, certify to the Auditor of State the necessary expenses incurred by the said Board, including salaries and per diem of the members, and the Auditor shall issue his warrant for the same, which shall be paid out of the fund so established for the maintenance of the said Board: Provided, That no order shall be drawn by any State official on any fund other than the above named fund for any salaries of the Board incident to the administration of this act.

The Treasurer and Secretary of said Board shall each give bond in the sum of five thousand dollars (\$5,000), with sureties to be approved by the Governor, which bonds shall be filed with the Auditor of State. The members of the State Board of Medical Registration and Examination are authorized to administer oaths in matters relating to the discharge of their official duties. The State Board of Medical Registration and Examination is charged with the duty of enforcing this act, and it shall be the duty of the Prosecuting Attorney, upon the complaint of the Board, to prosecute any violation of this act.

It shall also be the duty of the grand jury of the proper county to investigate all violations of this act and return indictments therefor in proper cases, and it shall be the duty of the Prosecuting Attorney to prosecute violations of this act by information whenever a proper affidavit is filed by any one, as in other cases of violations of the law; or to prosecute offenders before the Justice of the Peace in proper cases.

The State Board of Medical Registration and Examination shall, from time to time, establish and record, in a record kept by them for that purpose, a schedule of the minimum requirements which must be complied with by applicants for examination for license to practice medicine, surgery and obstetrics, before they shall be entitled to receive such license. The said Board shall also, in like manner, establish and cause to be recorded in such record a schedule of the minimum requirements and rules for the recognition of medical colleges, so as to keep these requirements up to the average standard of medical education in other States. After the year 1897 no change shall be made in such schedules of requirements in any year after the month of January of each year, nor shall any change be made to have any retroactive effect, or that shall affect students theretofore matriculated. Such record shall be at all times open to examination by the public, and the said schedules of requirements, after they have been established and recorded, and all changes made therein, shall be printed in circular form, and mailed to all medical colleges in the State, and shall also be furnished to any person upon application. Said Board shall not, in the establishment of the aforesaid schedule of requirements, discriminate for or against any school or system of medicine, nor shall it prescribe what system or systems or schools of medicine shall be taught in any of the colleges, universities or other educational institutions of the State.

It shall have power to make and establish all necessary rules and regulations for the reciprocal recognition of certificates issued by other States, and to prevent unjust and arbitrary exclusions by other States of graduates in medicine from this State who have fulfilled its requirements. When an application for a certificate is made, and a diploma submitted, as herein provided, it shall be the duty of the State Board of Medical Registration and Examination to determine, upon the evidence presented, whether such diploma rightfully belongs to and was issued to the person making application for a certificate, and whether the medical college that issued the diploma maintains a standard of medical education conforming to that fixed by the State Board of Medical Registration and Examination, and whether the application otherwise complies with the rules of the Board.

If these facts are shown by competent evidence, it shall be the duty of the State Board of Medical Registration and Examination to issue a certificate, signed by its President and Secretary, and under its official seal, stating that the person applying for such certificate and possessing such diploma is entitled to a license to practice medicine, surgery and obstetrics in the State of Indiana: Provided, Said application shall be filed prior to January 1, 1905: And provided, further, Said applicant shall have, prior to January 1, 1901, matriculated in a reputable medical college in Indiana, maintaining a standard of medical education conforming to that fixed by said Board, and shall have graduated from said college and received his diploma therefrom, prior to January 1, 1905. Except, as last above provided, no certificate shall be issued to any person whomsoever until he shall have satisfied the said Board that he has graduated at a reputable medical college as in this section set forth, maintaining a standard of medical education as above prescribed, and shall have passed before said Board a satisfactory examination as to his qualifications to practice medicine, surgery and obstetrics. Such examination shall be had upon payment of the same fees and upon the same terms and conditions as are provided in Section 1 of said act, approved March 8, 1897, but the applicant shall have the right to designate, in writing, at the time he files his application, the member of the Board who shall conduct his first examination in *materia medica, therapeutics, theory and practice of medicine, surgery, obstetrics and gynecology*.

The Board at its discretion may authorize the Secretary to issue a temporary permit to an applicant for the interim from date of application until the next regular meeting of the Board. The State Board of Medical Registration and Examination shall have the right to review the evidence upon which a license has been obtained, and if it shall be found that a license has been obtained by fraud or misrepresentation, the Board may revoke such license. The Board [may] refuse to grant a certificate to any person guilty of felony or gross immorality, or addicted to the use of liquor or drug habit to such a degree as to render him unfit to practice medicine or surgery.

If any person holding a license under the provisions of this act shall be guilty of any of the above enumerated acts or shall have

procured a certificate or license by fraud or misrepresentation, said Board may, after notice and hearing, revoke any license which has heretofore been or may hereafter be issued to him, together with the certificate upon which such license has been or may be issued.

A specific written charge, verified by affidavit, must be presented to the Board, making definite and specific charges of such facts against the holder of such license. The Board shall thereupon fix a time and place for the hearing of such charges, at which the person charged may appear and defend against the same. A copy of such charges, together with a notice of the time and place fixed for the hearing, shall be served upon the person so charged at least twenty (20) days before the time set for the hearing of the same. If, after such hearing, the Board revokes such certificate and license, such order shall be by said Board entered upon its record. A copy of such order of revocation, certified by the Secretary of such Board, shall be by it at once delivered to the Clerk of the Circuit Court of the county in which such license was issued, and such Clerk shall record the same upon the margin of the record of such license. If the Board shall refuse to grant a certificate for any of the reasons above stated, it shall enter such refusal upon its record, together with a statement of the grounds for such refusal. An appeal may be taken from the action of the Board to the Circuit or Superior Court of the county in which such license was issued in case of revocation, and to the county where the applicant lives in case of a refusal of a certificate, upon the licensee or applicant filing with the Clerk of such court, within thirty days from the entering of such order of revocation or refusal by said Board, a good and sufficient bond in the sum of two hundred dollars (\$200), to be approved by said Clerk, to secure the payment of costs of such appeal, should the appeal be determined against him. It shall thereupon be the duty of such Clerk to notify the said Board of the filing of such bond, and said Board shall thereupon forward to said Clerk the charges, together with a copy of the order of revocation, where there has been a revocation, or the application for a certificate and a copy of the order of refusal where there has been a refusal to grant a certificate. The Clerk of said court shall thereupon docket the same as a cause pending in said court. Said verified charges shall be treated as a complaint. The accused may plead to said charges and issues may be formed thereon as in any

civil case, and the same shall thereupon be tried by the Judge of the Circuit Court. It shall be the duty of the Prosecuting Attorney of the circuit to which said county belongs to appear in such case and represent the Board. The only finding and judgment in such cases shall be "guilty" or "not guilty," the same to be rendered separately as to each of the charges. If the finding and judgment of the court be "not guilty" as to each of said charges, the same shall be by the Clerk of said court certified to said Board, and it shall thereupon make an order setting aside its order of revocation, and forward to the Clerk of said court a certified copy thereof, which shall be entered upon the margin of the record of said license. If judgment of "guilty" of any of said charges be awarded in said case, the costs of such proceedings shall be recovered of the accused and a fee of ten dollars (\$10) shall be taxed therein in favor of the Prosecuting Attorney, and the order of revocation made by said Board shall be and remain in effect. During the pendency of such appeal the accused shall not be entitled to practice by virtue of such license. Where the appeal is from a refusal to grant a certificate, the same shall be heard upon the application and certified copy of the order of refusal without any other issues; the same to be tried by the Judge of said court, who shall, upon his finding, enter a judgment that the license shall or shall not be issued as the facts may require, and upon such order the Clerk of such court shall issue the proper license showing therein the authority by which it is issued, and shall report the same to the State Board. The Prosecuting Attorney shall represent the Board in such appeal, and if the court shall refuse the license judgment shall be entered against the applicant for costs, including ten dollars (\$10) fee for the Prosecuting Attorney. Appeals from the judgment of said court may be prosecuted to the Supreme Court as in other civil cases, either by said Board in its own name or by the applicant or holder of such license or certificate, where the judgment may be against him. No fees other than the fees of its own witnesses shall be taxed against said Board in any event. Where the applicant shall appeal from a refusal to grant a certificate, the cause shall be docketed in the name of the applicant against the State Board of Medical Registration and Examination. Where the license or certificate shall have been revoked, the cause shall be entitled The State Board of Medical Registration and Examina-

tion against A B (the holder of the license). (As amended March 11, 1901.)

This section has been twice construed by the Supreme Court.

State v. Webster, 150 Ind. 607;

In re. Application of Eliza E. Coffin, 152 Ind. 439.

Sec. 6. All persons practicing midwifery in this State, and who have practiced it for ten years last preceding March 8, 1897, and desiring to continue the same shall on or before July 11, 1899, make application to the State Board of Medical Registration and Examination by submitting an affidavit, fully attested, giving the name, age, residence, the length of time during which, and the place or places at which the applicant has been engaged in such practice, and the special education, if any, which the applicant has received for such practice. Such application shall be accompanied by the affidavits of two freeholders, duly attested, that the applicant is known to them as the person applying for a certificate to practice midwifery, and that such applicant has been engaged in the active practice of midwifery, giving the location or locations of such practice for the last ten (10) years previous to the passage of this act. Upon such application and the payment of one dollar (\$1) the State Board of Medical Registration and Examination shall issue to the applicant a certificate which shall, when presented to the County Clerk, entitle the holder to a license to practice midwifery in this State. All persons desiring to enter upon the practice of midwifery in this State after this law goes into effect shall present to the State Board of Medical Registration and Examination their diplomas, duly attested, and procured from an obstetrical school of such standing as shall be recognized and determined by the Board. Such applicant shall pay to said Board the sum of five dollars (\$5) at the time of making such application; or such applicant shall submit to an examination in midwifery as the Board shall require, and pay a fee of ten dollars (\$10). Such evidence of qualification being satisfactory to the Board it shall issue a certificate entitling the holder to a license from the Clerk of the county in which the applicant resides, which license shall entitle the holder to practice midwifery in this State. The license thus issued shall conform to all requirements of registration imposed upon physicians' licenses in section two of this act and shall be subject to revocation for the same cause as provided in section five in case of

license to physicians. (As amended March 3, 1899, Acts 1899, p. 252.)

Sec. 7. Nothing in this act shall be (so) construed as to discriminate against any school or system of medicine, or to prohibit gratuitous services in cases of emergency, or to the administration of family remedies. This act shall not apply to any commissioned officer of the United States Army, Navy or Marine Hospital service in the discharge of his official duties; nor to any physician or surgeon who is legally qualified to practice in the State or Territory in which he resides, when in actual consultation with a legal practitioner of this State; nor to any physician or surgeon residing on the border of a neighboring State and duly authorized to practice under the laws thereof, whose practice extends into the limits of this State: Provided, That such practitioner shall not open an office or appoint a place to meet patients or receive calls within the limits of this State. This act shall not be construed to prevent medical students from practicing medicine and surgery under the immediate and direct supervision of a licensed physician for a limited period of two years: Provided, however, That the said student had not practiced medicine, surgery or obstetrics prior to the passage of this act; in the event the amount of time said student has practiced medicine, surgery or obstetrics shall be deducted from the said two years herein mentioned; and in no event shall the said student open an office or offer to engage in the practice of medicine, surgery or obstetrics. Any person violating any of the provisions of this section shall be deemed guilty of a misdemeanor, and on conviction thereof shall subject the offender to a fine of not less than twenty-five dollars (\$25) nor more than two hundred dollars (\$200). (As amended March 3, 1899, Acts 1899, p. 253.)

Sec. 8. To open an office for such purpose or to announce to the public in any way, a readiness to practice medicine in any county of the State or to prescribe for, or to give surgical assistance to, or to heal, cure or relieve, or to attempt to heal, cure or relieve those suffering from injury or deformity, or disease of mind or body, or to advertise, or to announce to the public in any manner a readiness or ability to heal, cure or relieve those who may be suffering from injury or deformity, or disease of mind or body, shall be to engage in the practice of medicine within the meaning of this act: Provided, That nothing in this act shall be

construed to apply to or limit in any manner the manufacture or sale of proprietary medicines. It shall also be regarded as practicing medicine within the meaning of this act, if any one shall use in connection with his or her name the words or letters "Dr.," "Doctor," "Professor," "M. D.," or "Healer," or any other title, word, letter or designation intending to imply or designate him or her as a practitioner of medicine or surgery in any of its branches: Provided, That this act shall not be construed to apply to noninherant opticians who are at this time engaged in, or who may hereafter engage in the practice of optometry in this State, nor to professional or other nurses. In charging any person in an affidavit, information or indictment with a violation of this law by practicing medicine, surgery or obstetrics without license, it shall be sufficient to charge that he did, upon a certain day and in a certain county, engage in the practice of medicine, he not having any license to so do, without averring any further or more particular facts concerning the same. (As amended March 11, 1901.)

Sec. 9. Any person who shall practice medicine, surgery or obstetrics in this State without having a license duly issued as hereinbefore provided, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be fined not less than twenty-five dollars (\$25) nor more than two hundred dollars (\$200).

Sec. 10. All laws and parts of laws in conflict with this act are hereby repealed, and also an act entitled "An act regulating the practice of medicine, surgery and obstetrics, providing for the issuing of license to practice, defining certain misdemeanors and providing penalties," approved April 11, 1885, and all amendments thereto be and the same are hereby repealed.

Additional Section 3. Three thousand (3,000) copies of the annual report of the Board to the Governor shall be printed in the same manner as the report of the State Board of Health; and the printing and stationery of the Board shall be paid out of the printing fund. (Added in 1899 and amended, March 11, 1901.)

Additional Sec. 4. The said Board may grant limited certificates which shall authorize the proper clerk to issue to the holder thereof a license to practice osteopathy only. Such certificate shall be issued on the same terms and conditions as others, except that the applicant therefor shall not be required to pass an examination in *materia medica*, nor shall the college from which he

presents a diploma be required to conform to the standard fixed by said Board as to instructions in *materia medica*, but such college shall so conform in all other branches of instruction. Such license shall not authorize the holder thereof to administer or prescribe or use on one other than himself any drugs or medicines, and any such administration, prescription or use of any drug or medicine by the person holding such limited license shall be practicing medicine without a license, and such person shall be punished therefor as others are punished for practicing medicine without a license: Provided, further, That any person now holding a diploma issued from any college of osteopathy in the United States, and [who] is [now] a resident of the State of Indiana, shall be granted a certificate and license to practice osteopathy upon presenting his diploma to said Board and Clerk and paying the fee required by this act.

This law is constitutional.

*State v. Webster*, 150 Ind. 607.

In an appeal from a decision by the Board the State is the appellee and must be represented by the Prosecuting Attorney. The Board is not a party to the appeal.

*In re. Application of Coffin*, 152 Ind. 439.

In a prosecution under this law, it is sufficient to charge the offense in the language of the statute.

*Benham v. State*, 116 Ind. 112;

*Eastman v. State*, 109 Ind., p. 282.

The burden of proving the defendant was duly licensed to practice medicine is on the defendant.

*Benham v. State*, 116 Ind. 112.

In such prosecutions it is not necessary for the State to deny or prove exceptions made by the statute.

*Ferner v. State*, 151 Ind., p. 249.

Nor need the affidavit or indictment show that the State Board or any member instituted the prosecution.

*Commonwealth v. Tobias*, 141 Mass. 129;

*Commonwealth v. Murphy*, 147 Mass. 577;

*Commonwealth v. Gay*, 153 Mass. 211;

*Commonwealth v. McDonnell*, 157 Mass., p. 409;

*Portland v. Rolfe*, 37 Me., p. 402;

*Stuart v. People*, 42 Mich., p. 259.

## **LIST OF COLLEGES NOT RECOGNIZED**

**BY THE INDIANA STATE BOARD OF MEDICAL REGISTRATION AND EXAMINATION.**

---

The diplomas of the following named medical colleges are not recognized by this Board, for the reason that said colleges have not complied with the minimum requirements of this Board:

American Eclectic Medical College, Cincinnati, Ohio. \*Extinct.—Rauch.

American Health College, Cincinnati, Ohio. Fraudulent.—Rauch.

College of Medicine and Surgery, Indianapolis, Indiana. Extinct.

Curtis Physio-Medical College, Cincinnati, Ohio. Extinct 1874.

Curtis Physio-Medical Institute, Marion, Indiana.

Dutton Medical College, Chicago, Illinois.

Eclectic Medical College, Philadelphia, Pennsylvania (after 1870). Incorporated 1856; fraudulent; extinct 1880—Rauch.

Hygeia Medical College, Cincinnati, Ohio. I am unable to inform you whether it is still in existence. It has never been recognized by the State Board of Medical Registration and Examination of Ohio, and certificates have never been issued to its graduates.—Frank Winders, M. D., Secretary Ohio State Board of Registration.

Illinois Health University, Chicago, Illinois.

Independent Medical College, Chicago, Illinois. An alleged "diploma mill;" charter revoked February, 1899.

Indiana College of Medicine and Midwifery, Indianapolis, Indiana. Fraudulent.—Rauch.

Joplin Medical College, Joplin, Missouri. Extinct 1882.—Rauch.

National School of Osteopathy, Chicago, Illinois.

Wisconsin Eclectic Medical College, Milwaukee, Wisconsin. Never graduated any class; peddled diplomas three years; suppressed 1898.—J. A. Egan, Secretary Illinois Board of Health, April, 1899.

---

\*For notes concerning colleges we are indebted to New York Report for 1900.

## RULES OF THE BOARD.

---

The following question to the Attorney-General was submitted:

Question: "Inasmuch as the law defines the practice of medicine to be, 'To open an office for such purpose, or to announce to the public a readiness to practice medicine, surgery and obstetrics in any county in the State, or to prescribe for or to give surgical assistance to those suffering from disease, injury or deformity, should be to engage in the practice of medicine, etc.,' and as the law requires in case of change of residence from one county to another in the same State, that the holder of a license shall obtain a new license in the county where he proposes to reside by filing with the clerk the license obtained by him in the county where he last resided, when the clerk shall issue to him a new license, does it not follow that a legal practitioner can have but one professional residence or home, and that to open an office in a county, or to announce a readiness to practice in a county where he has no license, would be a violation of the law?"

The Attorney-General's answer was as follows:

"I think a licensed physician has a right to practice anywhere in the State. He can have but one residence at which he is required to take out a license, but I see no reason in the law why he could not maintain any number of offices if he feels so disposed. It is not where he maintains his office that he is required to take out his license, but where his residence is, and it might well be that a physician should prefer to live in one county and yet have his office in another."

Rule 6. June 10 the Board ruled that all persons making complaints against applicants before the Board be required to be specific, giving full circumstances, dates, names and addresses of witnesses who can testify to particular allegations, and that affidavits be made to all charges forwarded to this office, or the Board can give the matter no consideration.

June 29, 1897, the Attorney-General furnished to the Board his definition of a "good, moral character," as prescribed by the law, as follows:

**State Board of Medical Registration and Examination, State House:**

Gentlemen—In answer to your inquiry as to what constitutes a good moral character, in view of the duty imposed upon the Board to refuse a certificate to any person guilty of gross immorality, I have to say that to all intents and purposes a man's character and reputation are identical, because while one depends upon himself and the other is what others think of him, for all practical purposes his character is the opinion which others have drawn from his actions.

Gross immorality may be defined as any serious breach of moral duty. Moral character is such character as is "in accord with, or controlled by, the rules of right conduct." If acts are charged against an applicant for a certificate, which, in the opinion of the Board, are not in accordance with the commonly accepted rules of right conduct, it is undoubtedly the duty of the Board to refuse a certificate, if it believes that the applicant has been guilty of the acts with which he is charged.

As to the question of what acts constitute gross immorality, it is impossible to give a full and clear definition, and each case must be left to the conscience of the Board.

The Board has prescribed a form of affidavit to be made by two free-holders, as to the character of applicants. This affidavit, when made, is by no means controlling, as, if specific charges are made against any applicant, it is the duty of the Board to investigate them, and, upon investigation, it must refuse license if the charges are sustained, notwithstanding the fact that a false affidavit has been filed.

I have the honor to be

Yours very truly,

W. A. KETCHAM,

Attorney-General.

**ORDER OF EXAMINATION.**

1. Anatomy.
2. Physiology.
3. Obstetrics.
4. Gynecology.
5. Materia Medica and Therapeutics.
6. Theory and Practice of Medicine.
7. Chemistry.
8. Surgery.
9. Pathology.
10. Bacteriology.
11. Hygiene.
12. Histology.
13. Rhinology.
14. Medical Jurisprudence.
15. Ophthalmology.

16. Otology.
17. Laryngology.
18. Dermatology.

Rule 12. The following was adopted as a rule of the Board: That in cases where the applicant makes claim that his diploma has been lost in any way, that such applicant be required to furnish satisfactory evidence of his graduation by procuring and presenting to the Board a certificate from the Secretary of the medical college from which he obtained his degree, certifying to the fact of his graduation, giving date of the same and bearing the seal of the college.

Rule 16. That the Secretary of the County Medical Society of each county in the State having such officer, and some reputable and legally qualified physician in other counties where such officer is not found, be requested to send to this office the name of every person who is now or may hereafter engage in the practice of medicine in his respective county without having procured a certificate of qualification from his Board as provided by law; and that he send therewith a verified charge of such violation, together with the names of one or more persons who have been treated by such illegal practitioners.

Rule 58. Inasmuch as the law contemplates that a residence in this State is essential to eligibility to registration under the medical act of the State to practice medicine, surgery and obstetrics therein,

Resolved, That on and after this date (December 14, 1899) all applicants for registration, under the medical act now in force, not having a legal residence in Indiana, will be required to acquire a residence by sojourning in the State six months after making such application, before such applicant can become eligible to registration: Provided, That such person, being otherwise entitled to registration and having paid the fee of such registration, may be permitted to practice by special permit, until the expiration of the said period of six months.

Rule 60. It will be necessary that specific charges be made in order that this Board may be able to take effective action. Gross immorality, habitual drunkenness, the drug habit, obtaining certificate or license by fraud or misrepresentation, are reasons con-

templated in the law necessary to revoke, or refusal to grant license. All persons making complaints against applicants before this Board must be notified that when complaints are filed they must be specific, giving full circumstances, dates, and witnesses that will swear to the same, with the postoffice address of each, and make affidavit to the same, and forward at once to this office, or this Board can give the matter no consideration.

Whereas, The statute regulating the practice of medicine, surgery and obstetrics, as amended, requires an examination of applicants for registration;

Resolved, That on and after the passage of said amendments, such applicant shall deposit examination fee with application, which will entitle him, without further charge, to a temporary permit to practice until the next regular meeting of the Board: Provided, That those whom the law exempts from examination shall deposit the fee required by law for registration of diploma.

Inasmuch as the law regulating the practice of medicine, surgery and obstetrics in Indiana was, in 1901, so amended as to exempt from examination applicants for registration to practice osteopathy, who were, on March 11, 1901, residents of this State and possessed of diplomas from any osteopathic college in the United States; therefore, in order to establish what constitutes such college,

Resolved, That the diplomas of such applicants must have been issued by institutions possessing equipment and a curriculum equal to that fixed by the Associated Colleges of Osteopathy, as set forth by its constitution in 1898.

Whereas, By the amendments of 1901 to the medical act, the State Board of Medical Registration and Examination may grant limited certificates which will authorize the proper Clerk to issue a license to practice osteopathy only; and,

Whereas, It is provided by the law that "such certificate shall be issued on the same terms and conditions as others, except that the applicant therefor shall not be required to pass an examination in *materia medica*, nor shall the college from which he presents a diploma be required to conform to the standard fixed by said Board as to instructions in *materia medica*, but such college shall so conform in all other branches of instruction;" therefore,

Resolved, That all applicants for registration to practice osteopathy in the State of Indiana and the college from which they procured their diplomas must comply with the schedule of minimum requirements in force at the time of application except insofar as pertains to *materia medica*;

Resolved, That hereafter when an applicant from another State applies for examination before the Board, the same be granted under the same rules and requirements as resident applicants, and should he pass with the required per cent., certificate may be issued by the Secretary when applicant makes his affidavit of residence within this State.

January 9, 1900.

Resolved, That each medical college in the State be requested to furnish the Board, on or before the second Tuesday in July, annually, the following information: The number of students in attendance during the preceding college year, the time covered by the class in matriculation, the per cent. of attendance upon lectures by each student, the number of lectures delivered by each teacher, and the per cent. of attendance by each student upon such lectures, and the number of students who failed to pass the entrance examination.

Applicants for examination must be in attendance at the beginning and continue until the close of the examination. No excuse for nonattendance will be accepted by the Board, except death or serious illness in the immediate family of the applicant, a sworn statement of which must be made to the satisfaction of the Board.

On and after July, 1902, no person taking the second examination and failing to pass will be granted an extension of temporary permit. The applicant may, however, apply for and take a subsequent examination by paying the regular fee.

Resolved, That on and after July 10, 1902, every applicant for examination be required to present for filing with his application a recent photograph of himself, on the reverse of which he shall have written his name. Said signature must have been witnessed by a notary public or other like official, certifying to his identity as the original of the photograph.

Resolved, That the State Board of Medical Registration and Examination will consider for indorsement certificates of entrance qualifications issued to students entering recognized medical colleges of Indiana, if presented to said Board in due form.

Resolved, That each recognized medical college in the State be invited to designate a member of its faculty to meet with the State Board of Medical Registration and Examination at the English Hotel, Indianapolis, on October 21, 1902, at 8 p. m., for the purpose of considering the question of entrance qualifications of students in the medical colleges of the State, the method of determining such qualifications and of the official endorsement of certificates of said qualifications by the State Board.

On motion, Dr. Spurgeon was instructed to notify all medical colleges of the State that the Board would undertake to furnish certificates of qualification to all matriculants desiring same, provided that students shall appear before the authorized examiner of the Board, and at such time and place as said examiner may indicate, and make passing grade in such branches as will hereafter be agreed upon. Fee for examination and certificate shall be two dollars (\$2).

September 24, 1901.

Dr. W. F. Curryer, Secretary State Board of Medical Registration and Examination:

Dear Sir- You ask if an applicant has paid the twenty-five dollars required by law for an examination prior to the examination and then declines to be examined, if he is entitled to have the fees paid in advance refunded.

I find no provision in the law authorizing a refund of any fees paid by an applicant for examination, and I am of opinion that after the fee for an examination has been paid it belongs to the State, and can not be repaid by the Board.

I have the honor to be

Very truly yours,

W. L. TAYLOR,  
Attorney-General.  
February 23, 1903.

Hon. W. T. Gott, Secretary State Board of Medical Registration and Examination:

Dear Sir- Replying to your inquiry of the 23d: Under the provisions of the act of the General Assembly of 1899 an applicant for a certificate to practice medicine and surgery in this State, who desires to secure the same upon a diploma, shall pay to the Board the sum of

ten dollars at the time of making such application. If he desires to be examined by your Board, he pays, at the time of his application, the sum of twenty-five dollars.

It is further provided that the payment of said sum of twenty-five dollars shall entitle him to a re-examination in case of failure at the first or any subsequent examination.

These are all the fees that are provided for to be paid to your Board by applicants for certificates. It is further provided by Section 2 of said act, that it is the duty of the treasurer of said Board to pay quarterly all moneys received by the Board to the Treasurer of State. There is no provision in the law for the return of either of these application fees.

Therefore, when a person makes application and pays the ten or twenty-five dollar fee, as the case may be, into the treasury of your Board, it becomes the property of the State, and should be turned into the State treasury. You have no authority to divert it from the channel prescribed by the statute, and you have no authority to return any portion of either of said fees after it has been so received.

You have no discretion over this fund, but must turn it into the State treasury, as prescribed by law, and you can not draw it out, except for the purposes prescribed in the statute.

I have the honor to be

Very truly yours,

CHARLES W. MILLER,  
Attorney-General.

## **RULES FOR CONDUCTING MEDICAL EXAMINATIONS.**

---

First. Help of every kind must be removed from the reach and sight of the candidate. Any person detected in trying to give or obtain aid shall be instantly dismissed from the room, and his paper for the entire examination cancelled.

Second. If any candidate withdraw himself, without permission, from the sight of the examiner, his examination shall be closed. This rule permits a candidate, temporarily ill, to withdraw from the room and return only by the consent of the examiner.

Third. No candidate shall, under any circumstances, enter the examination more than thirty minutes late, unless excused by the examiner, and no candidate shall leave the room within thirty minutes after the distribution of examination questions.

Fourth. All examinations shall be in writing. Paper, pens, blotters and ink will be furnished by the Secretary.

Fifth. The examinations shall continue three days. The sessions of each day shall be from eight to ten, ten to twelve, two to four and four to six. Questions will be given out and answers collected punctually at the time specified for each subject.

Sixth. A total average of 75 per cent. shall be necessary to license a candidate (he having otherwise complied with the law), providing that on no subject shall the grade be less than 40 per cent. A candidate having less than 50 per cent. in more than one subject shall be rejected. The candidate, however, is entitled to a second examination within one year without further charge.

## RESOLUTIONS OF MINIMUM REQUIREMENTS.

---

Resolved, That all medical colleges requiring a minimum of three years' study of medicine and two courses of lectures for graduation prior to 1886, and possessing proper facilities for teaching and a faculty embracing the chairs of anatomy, physiology, chemistry, *materia medica*, therapeutics, medicine, surgery and obstetrics, shall be recognized as in good standing.

Resolved, That for the eleven years ending April 14, 1897, all medical colleges exacting the foregoing requirements and possessing facilities and a faculty, as specified in the foregoing resolution, shall, by virtue of such facts, be recognized as in good standing to and including the year 1892, but that no medical college shall be recognized as in good standing which has not, since 1892, possessed the foregoing facilities and faculty, and which has not, in addition, exacted an entrance qualification and attendance upon three regular courses of lectures as a condition of graduation.

Resolved, That on and after July 1, 1899, no medical college will be recognized as in good standing which does not require the entrance qualifications prescribed by the Association of American Medical Colleges as a prerequisite for matriculation, which does not possess an adequate equipment for teaching medicine, which has not clinical and hospital facilities, and which does not have an active and competent faculty, embracing the departments of anatomy, physiology, chemistry, *materia medica*, therapeutics, medicine, surgery, obstetrics, histology, pathology, bacteriology, ophthalmology, otology, gynecology, laryngology, dermatology, hygiene and state medicine, and which does not enjoin attendance upon 80 per cent. of four regular courses of instruction, of not less than twenty-six weeks each, in four different years, and which does not exact an average grade of 75 per cent. on an examination as a condition of graduation.

Provided, however, That the foregoing requirements shall not be enforced against any reputable medical college because of the fulfillment of any contract made by said college with matriculate at the time of matriculation, in accordance with or equivalent to the requirements of the Association of American Medical Colleges, in force at the time of said contract, provided that said contract be made prior to July 14, 1897, and fulfilled prior to July 14, 1902.

## HOW TO OBTAIN A LICENSE TO PRACTICE MEDICINE IN INDIANA.

---

All applicants must be bona fide residents of the county and State.

Every applicant must procure the necessary blank from his County Clerk or from the Secretary of the Board, fill it out carefully and make affidavit to the same before some officer authorized to administer oaths, also have two freeholders, residents of the same county in which applicant resides, make affidavit as to the moral character and to the personal identity of the applicant as the person mentioned in the diploma. The application blank, when properly filled, together with diploma and proper fee, must be sent by express or registered mail to the State Board of Medical Registration and Examination, Room 120, State House, Indianapolis, Indiana.

The only applicants exempt from examination are the graduates of reputable medical colleges located in Indiana. Such applicants must have matriculated in reputable medical colleges in Indiana prior to January 1, 1901, and must have been graduated from such medical colleges prior to January 1, 1905.

After January 1, 1905, an examination will be required of all candidates. The subjects for examination are anatomy, physiology, obstetrics, gynecology, materia medica and therapeutics, theory and practice of medicine, chemistry, surgery, pathology, bacteriology, hygiene, histology, rhinology, medical jurisprudence, ophthalmology, otology, laryngology and dermatology.

The examination begins the second Tuesday in January and July of each year, at 8 a. m., and continues three days. Only graduates of reputable medical colleges are admitted to the examination.

Applications for examination, accompanied by diploma and fee, \$25, should be on file in this office at least five days prior to the date for examination.

Temporary permits to practice medicine, surgery and obstetrics until one month after the next regular meeting of the Board are issued on request, when the application is complete and satisfactory, diploma recognized and fee paid in full.

Upon receipt of the certificate by the applicant, he shall, upon the presentation of the same to the Clerk of the county in which he resides, receive a license to practice medicine, surgery and obstetrics, within the State of Indiana. The recipient of such license shall pay to the County Clerk fifty cents as his fee for issuing and recording the same.

In case of change of residence from one county to another within this State, the holder of a physician's license shall obtain a new license in the county where he proposes to reside by filing with the County Clerk the license obtained by him in the county in which he last resided, and the Clerk shall issue to him a new license.

No person is qualified to practice medicine, surgery or obstetrics within the State of Indiana who has not first procured a license or temporary permit to do so under the acts of 1897, 1899 or 1901.

Those who desire to apply for license to practice obstetrics must follow the same directions as above, but the fee is only ten dollars for examination.

The regular sessions of the Board are held the second Tuesday in January and July of each year.

Fee for registration on diploma, \$10.

Fee for examination, \$25.

All fees must be sent by registered mail, express, postal note or draft. Individual checks are not accepted by the Board.

## FINANCIAL REPORT.

RECEIPTS FROM JANUARY 1, 1902, TO DECEMBER 31, 1902.

Fees from applications upon diploma.....	\$1,010 00
Fees from applications upon examination.....	3,400 00

## EXAMINATION QUESTIONS.

---

The following lists of questions were submitted in the examinations of 1902:

### ANATOMY.

1. Describe the conjunctiva.
2. Name the muscles of the eye and give their nerve supply.
3. Describe the facial nerve, giving its origin, course and distribution.
4. Give the blood supply of the uterus.
5. Give the nerve supply of the diaphragm.
6. Describe the Eustachian tube.
7. Give the relation of the peritoneum to the stomach and liver.
8. Give the number and names of the spinal nerves.
9. Name and locate the veins of the leg.
10. Describe the corpus callosum and give its relation to the lateral ventricle.

—Submitted by W. A. Spurgeon, M. D., January.

### PHYSIOLOGY.

1. What is the office of the thoracic duct?
2. Define and describe intestinal digestion.
3. State the office of each of the coats of an artery.
4. What structures would be affected by a division of the spinal cord at the junction of dorsal and lumbar regions, and why?
5. How and to what extent is the circulation of the blood affected by respiration?
6. Name a number of crystalizable substances found in the fluids of the body, and give the condition of crystallization.
7. Give the formation and general character of normal urine.
8. Describe normal human blood.
9. Define osmosis, endosmosis and exosmosis.
10. What are the properties of normal bile?

—Submitted by W. A. Spurgeon, M. D., January.

### OBSTETRICS.

1. Name the external and internal organs of generation.
2. Give the functions of the uterus.
3. Describe the (a) placenta, (b) umbilical cord.
4. Describe the regions of the fetal skull.
5. What is the parovarium?
6. Is the induction of premature labor ever justifiable? If so, for what reasons?

7. Give diagnosis and treatment of tubal pregnancy.
8. Give treatment of premature infants after birth.
9. What are the signs of fetal death in utero?
10. Give signs of recent abortion in the dead.

—Submitted by W. T. Gott, M. D., January

#### GYNECOLOGY.

1. Give size, weight, color, measurements and location of a normal virgin uterus.
2. What would you suspect, should a non gravid uterus measure more than four inches in depth?
3. How would you repair a lacerated (a) cervix; (b) perineum?
4. Define menorrhagia and dysmenorrhea, with treatment of each.
5. What is ectopic pregnancy and how should it be managed?
6. How would you treat (a) hydrosalpinx; (b) pyosalpinx?
7. Under what circumstances would the removal of the uterus be justifiable?
8. Give the symptoms and treatment of an ovarian cyst.
9. What is (a) cystocele, (b) rectocele, and how should they be treated?
10. How would you diagnose and treat an interuterine fibroid?

—Submitted by W. F. Curryer, M. D., January.

#### MATERIA MEDICA AND THERAPEUTICS.

(Regular.)

1. Define (a) empiric and (b) scientific therapy.
2. Name some important chemic and physiologic incompatibilities in therapy.
3. What is the physiologic action of digitalis on the heart, and in what conditions of that organ is it indicated?
4. What is the physiologic action of glonoin on the heart, and in what conditions of that organ is it indicated?
5. Name three medicinal agents which stimulate the respiratory function.
6. Name three medicinal agents which increase the functions of the skin.
7. Name three medicinal agents which increase renal action.
8. Give the therapeutic properties of apomorphine and its therapy.
9. Give the composition of salol and its therapy.
10. Write a prescription for a general tonic.

—Submitted by J. C. Webster, M. D., January.

#### THEORY AND PRACTICE OF MEDICINE.

(Regular.)

1. Define (a) physiologic and (b) pathologic process.
2. Define (a) subjective and (b) objective symptoms of disease.
3. Define differential diagnosis, and give illustration.
4. Define (a) predisposing and (b) exciting cause of disease.

5. Define infectious disease.
6. The presence of what four symptoms is diagnostic of locomotor ataxia?
7. What is the principal pathologic lesion in typhoid fever?
8. Differentiate influenza from ordinary catarrh, and outline treatment.
9. What findings from urinalysis would indicate Bright's disease of the kidneys?
10. Give etiology, symptoms, diagnosis and treatment of acute general peritonitis. —Submitted by J. C. Webster, M. D., January.

#### MATERIA MEDICA AND THERAPEUTICS.

(Homeopathic.)

1. Give the habitat and therapeutic individuality of conium maculatum.
2. State the principal sphere of action of collinsonia canadensis.
3. Give the indications for coffeea cruda.
4. Give the indications for cinchona.
5. Give the indications for kali carbonicum.
6. Give the indications for ignatia amara.
7. Give the indications for secale cornutum.
8. Give the indications for kali causticum.
9. Give the indications for antimonium tartaricum.
10. Give the indications for aconite.

—Submitted by W. T. Gott, M. D., January.

#### THEORY AND PRACTICE OF MEDICINE.

(Homeopathic.)

1. Give symptoms, prognosis and pathological anatomy of acute enterocolitis.
2. Give definition, causes and symptoms of arterio-sclerosis.
3. State your method of determining the diagnosis of pneumothorax.
4. (a) Define anemia. (b) State exciting causes. (c) Give treatment.
5. Give symptoms and morbid anatomy of exophthalmic goitre.
6. Give diagnosis and methods of determining tubercular phthisis.
7. Give symptoms and treatment of hysteria.
8. Give cause and prognosis of paralysis agitans.
9. Give causes and definition of melancholia.
10. State methods employed in making a physical examination of the heart.

—Submitted by W. T. Gott, M. D., January.

#### MATERIA MEDICA AND THERAPEUTICS.

(Eclectic.)

1. What do we understand by the term "sedative" in medicine? Name three important ones.
2. What influences may modify the action of medicine?
3. In what diseases do we find bryonia an important remedy?
4. What are the indications for the use of colocynth, also the dose?

5. In what diseases is *rhus aromatica* an important remedy?
6. What is the common name of *phytolacca*, and in what part of the system is it an important drug?
7. When would you administer *nux vomica* and in what dose?
8. Give the principal indications for the use of *lycopodium*.
9. Give the principal uses for *ippecacuanha* and also the dose.
10. When would you give *gelsemium* and when *belladonna*?

—Submitted by W. F. Curryer, M. D., January.

#### THEORY AND PRACTICE OF MEDICINE.

(Eclectic.)

1. What are the characteristics of fever?
2. Name four varieties of fever of malarial origin.
3. Give symptoms and treatment of scarlatina and name some of the sequelae.
4. Name five eruptive fevers.
5. Give the etiology, symptoms and treatment of typhoid fever.
6. What is anemia and what are some of the exciting causes?
7. Give the cause, symptoms and treatment for dilated stomach.
8. Give some of the causes and treatment of constipation.
9. What is broncho-pneumonia, how is it recognized and how treated?
10. What is epilepsy? Give some of the causes, the symptoms and treatment.

—Submitted by W. F. Curryer, M. D., January.

#### CHEMISTRY.

1. Name the difference between carbonate and bicarbonate of potassium.
2. Name the antidotes in case of poisoning by arsenic, corrosive sublimate and carbolic acid.
3. How is pepsin prepared?
4. What is sp. gravity of healthy urine? Give test for bile, albumen and sugar.
5. Give relation of the mercurous to the mercuric compounds.
6. What is the process for the preparation of ether?
7. How is diluted phosphoric acid made?
8. What is iodide of potassium?
9. What is corrosive sublimate?
10. What is calomel?

—Submitted by James M. Dinnen, M. D., January.

#### SURGERY.

1. How many kinds of fracture are there?
2. Explain the process of repair in fractures.
3. How many kinds of hernia are there?
4. Give signs, symptoms and treatment of strangulated hernia.
5. What are the signs, symptoms and treatment of appendicitis?
6. To promote primary union of a wound, what indications are to be followed?

7. Describe carcinoma of the breast.
8. Under what circumstances would you amputate a limb of patient suffering from shock and collapse?
9. What are the signs and symptoms of gall stones?
10. What are the signs and symptoms of dislocation of head of femur backwards?

—Submitted by James M. Dinnen, M. D., January.

#### PATHOLOGY.

1. What is congestion? Name the forms.
2. Describe an epithelioma.
3. Name the varieties of carcinoma.
4. Describe the gross appearance of a lung in the three stages of pneumonia.
5. Describe the blood in pernicious anemia.

—Submitted by W. A. Spurgeon, M. D., January.

#### BACTERIOLOGY.

1. Describe the tubercle bacillus and give method of staining.
2. Name five pus producing bacteria.
3. How is diphtheria antitoxine produced?
4. How would you distinguish the bacillus calli communis from the typhoid bacillus?
5. Name the three principal forms of bacteria.

—Submitted by W. A. Spurgeon, M. D., January.

#### HYGIENE.

1. Define hygiene.
2. How are sunlight and fresh air conducive to health?
3. Describe the proper hygiene of the dairy to insure wholesome milk supply.
4. Give the hygiene of the sick-room.
5. Give the hygiene of the lying-in and operating room.

—Submitted by J. C. Webster, M. D., January.

#### HISTOLOGY.

1. Define histology.
2. Describe briefly striped and unstriped muscle.
3. Describe a primary cell.
4. Give general structure of skin.
5. Give structure of air cell.

—Submitted by J. C. Webster, M. D., January.

## RHINOLOGY.

1. Give method of examining the nasal cavities.
2. Give etiology, symptoms and treatment of acute rhinitis.
3. Give causes, symptoms and pathology of chronic nasal catarrh.
4. Describe methods of plugging the nares.
5. Give treatment of epistaxis.

—Submitted by James M. Dinnen, M. D., January.

## MEDICAL JURISPRUDENCE.

1. Define forensic medicine.
2. Give the technic of an autopsy.
3. Define rigor mortis, and state how soon post-mortem the process generally begins and ends.
4. Define (a) delusion, (b) illusion, (c) hallucination, and state when their presence indicates insanity.
5. In a gunshot wound in which the missile has passed through some part of the body, how would you determine the medico-legal question, which is the wound of entrance?

—Submitted by James M. Dinnen, M. D., January.

## OPHTHALMOLOGY.

1. Give symptoms and treatment of muco-purulent ophthalmia.
2. Give diagnosis and treatment of specific iritis.
3. Give characteristics and treatment of granular ophthalmia.
4. Give symptoms and treatment of obstruction of the nasal duct.
5. What is a pterygium and how would you treat it?

—Submitted by W. F. Curryer, M. D., January.

## OTOLOGY.

1. What are the symptoms of acute catarrhal inflammation of the middle ear?
2. Give symptoms and treatment of acute suppurative inflammation of the middle ear.
3. How would you diagnose a non-suppurative disease of the middle ear from a disease of the internal ear?
4. What is the best and safest instrument to use to remove foreign bodies from the external auditory canal?
5. What is the best remedy to be used for quieting pain in the ear?

—Submitted by W. F. Curryer, M. D., January.

## LARYNGOLOGY.

1. Give symptoms and treatment of laryngitis phthisica.
2. Name two or more causes of aphonia.
3. Give symptoms and treatment of granular pharyngitis.
4. (a) Describe the operation laryngotomy. (b) When should it be performed?
5. Give etiology, pathology and treatment of acute tonsillitis.

—Submitted by W. T. Gott, M. D., January.

## Dermatology.

1. Name four primary lesions of the skin.
2. Give definition and symptoms of seborrhea.
3. (a) Define syphilis. (b) Give etiology and treatment.
4. Give pathology, diagnosis and treatment of pityriasis rubra.
5. Give treatment, symptoms and definition of acute eczema.

—Submitted by W. T. Gott, M. D., January.

## ANATOMY.

(Answer any ten.)

1. Name and locate important arteries of the hand.
2. Name and locate important arteries of the foot.
3. Name and describe the salivary glands.
4. Give the anatomical relation of the uterus, urinary bladder and rectum.
5. Beneath what points on the anterior surface of the chest walls are located the valves of the heart?
6. At what points may the femoral artery be compressed from the surface? Give an anatomical reason for each answer.
7. Name and locate the ventricles of the brain.
8. How are the principal blood vessels located with reference to the external surface of the skull?
9. Describe the gall bladder and biliary ducts, and give their location with reference to the external abdominal surface.
10. Describe the circulation of the blood in the liver, giving sources of blood supply.
11. Describe the tunica vaginalis.
12. Describe the mammary artery.

—Submitted by W. A. Spurgeon, M. D., July.

## PHYSIOLOGY.

(Answer any ten.)

1. At what points of the surface of the body do we find the greatest sensibility, and at what points the least?
2. What is the effect upon the circulation in a part when the sympathetic nerve supply to that part is cut off, and why?

3. What is the effect upon the circulation in a part when the cerebro-spinal nerve supply to that part is cut off, and why?
4. Mention three kinds of reflex action that may take place through the sympathetic nervous system. Illustrate each.
5. Give the functions of the placenta.
6. Describe briefly the changes in urine during decomposition.
7. Describe the circulation of the blood through the lungs and give the physiological changes connected therewith.
8. From what source is the bile produced by the liver, and of what value is it in the economy?
9. What is the normal specific gravity of human (a) blood; (b) urine; (c) bile?
10. What is the composition and function of human saliva?
11. Give your opinion of the mode of generation of animal heat and its uniform maintenance in health.
12. Describe the action of the heart.

—Submitted by W. A. Spurgeon, M. D., July.

#### OBSTETRICS.

1. Give the early symptoms of pregnancy (a) presumptive, (b) probable and (c) positive.
2. At about what period do the first active muscular movements of the fetus occur?
3. What procedure would you employ in case fetal head failed to engage?
4. State causes and treatment of eclampsia during pregnancy.
5. State management of suspended animation in the newly born.
6. Give signs of fetal death in utero.
7. State the proper management of ophthalmia neonatorum.
8. Describe the different methods of producing version.
9. If the quality of the lacteal secretion be abnormal, (a) what would lead you to suspect it and (b) how would you determine its quality?
10. (a) What is spina bifida? (b) Give the treatment you would employ.

—Submitted by W. T. Gott, M. D., July.

#### GYNECOLOGY.

1. Describe the normal virgin human uterus, giving its internal and external measurements, weight, color and location.
2. Describe the fallopian tubes and ovaries.
3. What is the corpus luteum, (a) the true, (b) the false?
4. Describe Sims' position.
5. What is one of the most common causes of endometritis, and how should a case be treated?
6. What are some of the causes of lacerations in the uterine cervix and how should they be treated?
7. How would you diagnose and treat a case of ectopic pregnancy?

8. What is a (a) cystocele, and a (b) rectocele, and how should they be treated?
9. How would you differentiate an ovarian tumor from ascites?
10. How would you make a bi-manual examination?

—Submitted by W. F. Curryer, M. D., July.

#### MATERIA MEDICA AND THERAPEUTICS.

(Regular.)

Answer briefly and concisely, in writing, the following questions:

1. From what source is quinine derived, and what is its principal therapy?
2. Give the physiologic action of jaborandi, and its therapy.
3. What is the active principle of jaborandi and a medicinal dose of same?
4. Give the composition and therapy of salol.
5. Name medicinal dose, therapy and antagonist of carbolic acid.
6. What is the physiologic action and therapy of nitrate of amyl?
7. Of what is hyoscine the active principle, and what is a medicinal dose of the same, and its therapy?
8. Name a medicinal agent which raises blood pressure.
9. Name a medicinal agent which lowers blood pressure.
10. What is the physiologic action of apomorphine in doses of 1-24 to 1-30 of a grain?

—Submitted by J. C. Webster, M. D., July.

#### THEORY AND PRACTICE OF INTERNAL MEDICINE.

(Regular.)

Answer briefly and concisely, in writing, the following questions:

1. Define (a) illusion, (b) hallucination, and (c) delusion, and state when their presence is evidence of insanity.
2. Name three reflexes, and the pathologic significance of each.
3. Define arterio-sclerosis and its pathologic results.
4. Differentiate coma of cerebral hemorrhage from that of opium poisoning.
5. Describe the Argyll-Robertson pupil.
6. Describe Westphall's symptom.
7. Describe the Rhomberg symptom.
8. The presence of all of the three foregoing symptoms is said to be pathognomonic of what disease?
9. Define infection and some of the media by which it is transmitted.
10. Name the infectious diseases which are amenable to specific treatment.

—Submitted by J. C. Webster, M. D., July.

## MATERIA MEDICA AND THERAPEUTICS.

(Homeopathic.)

1. **Lycopodium clavatum**—give common name, state therapeutic individuality and conditions commonly indicating its use.
2. **Lachesis**—give habitat and principal sphere of action.
3. **Kali carbonicum**—give common name, state its action on respiratory organs.
4. **Calcaria carbonica**—give common name, therapeutic individuality and conditions most commonly indicating its use.
5. **Natrum muriaticum**—give common name and principal sphere of action.
6. **Mercurius**—give common name. Upon what system is its action most pronounced?
7. **Gloinoine**—give common name. In diseases of what organ is it most commonly used?
8. **Cinchona**—give common name and therapeutic individuality.
9. **Pulsatilla nigricans**—give common name and principal indications.
10. **Spigelia**—give common name, therapeutic individuality and when most commonly prescribed.

--Submitted by W. T. Gott, M. D., July.

## THEORY AND PRACTICE OF MEDICINE.

(Homeopathic.)

Answer briefly and concisely, in writing, the following questions:

1. Define (a) illusion, (b) hallucination, and (c) delusion, and state when their presence is evidence of insanity.
2. Name three reflexes, and the pathologic significance of each.
3. Define arterio-sclerosis and its pathologic results.
4. Differentiate coma of cerebral hemorrhage from that of opium poisoning.
5. Describe the Argyll-Robertson pupil.
6. Describe Westphal's symptoms.
7. Describe the Rhomberg symptom.
8. The presence of all of the three foregoing symptoms is said to be pathognomonic of what disease?
9. Define infection and some of the media by which it is transmitted.
10. Name the infectious diseases which are amenable to specific treatment.

—Submitted by W. T. Gott, M. D., July.

## MATERIA MEDICA AND THERAPEUTICS.

(Eclectic.)

1. Give the indications for and dose of aconite nap.
2. What are the indications for belladonna? Give its dose, and in what disease is it an important remedy?
3. What is the common name of bryonia alba? Give indications for its use, the dose, and in what disease is it largely used?

4. What is the name of the alkaloid derived from the deadly nightshade, and for what is it used?
5. What is a dose of strychnia sul., and when should it be used?
6. What are the indications for baptisia tinct., and the dose?
7. What are the indications and dose of echinacea augustifolium?
8. When would you give digitalis pur., and in what dose?
9. What are the indications and dose of apis mel.?
10. What are the indications and dose of phytolacca dec.?

—Submitted by W. F. Curryer, M. D., July.

#### THEORY AND PRACTICE OF MEDICINE.

(Eclectic.)

1. What phenomena are present in fevers?
2. What are the ordinary age limits of typhoid fever, and what conditions are essential to its production?
3. Why is it important that a typhoid fever patient should be kept in a horizontal position?
4. Describe a typical case of scarlet fever, and give treatment for same.
5. How would you diagnose a case of variola, how quarantine and treat?
6. Define acute coryza, and give its treatment.
7. At what age is spasmodic croup most common? Give its symptoms and treatment.
8. How would you diagnose locomotor ataxia, and how treat it?
9. Give diagnosis and treatment of acute articular rheumatism.
10. How would you control a case of epistaxis?

—Submitted by W. F. Curryer, M. D., July.

#### CHEMISTRY.

1. What is the specific gravity of healthy urine?
2. How would you examine for albumen?
3. How would you examine for sugar?
4. What is calomel?
5. What is double decomposition?
6. Give the antidote for nitrate of silver.
7. How is peroxide of hydrogen prepared?
8. How is liquor potassa prepared?
9. What is iodide of potassium, and how is it prepared?
10. What is the source of iodine?

—Submitted by James M. Dinnen, M. D., July.

#### SURGERY.

1. How many kinds of fracture are there?
2. What is a simple and what is a compound fracture?
3. What are the signs and symptoms of inguinal hernia?
4. What are the signs and symptoms of appendicitis?
5. What are the signs and symptoms of dislocation downwards of head of humerus?

6. What are the signs and symptoms of cancer of the breast?
7. What are the signs and symptoms of Pott's fracture?
8. What are signs of aneurism?
9. What is the best known means for end to end approximation of the intestines?
10. What conditions should be present to make amputation of a limb justifiable?

—Submitted by James M. Dinnen, M. D., July.

#### PATHOLOGY.

(Answer any five.)

1. Define pathology.
2. What are the essential pathologic conditions found in asthma?
3. State briefly the pathology of membranous croup?
4. Define congestion.
5. Give briefly the pathology of pleurisy.
6. In what forms of disease do we usually have anaemia as a pathologic manifestation?
7. Of what pathologic condition is the presence of albumen in the urine an indication?
8. What is inflammation?
9. Define effusion, and mention some causes.
10. Give the definition of a thrombus.

—Submitted by W. A. Spurgeon, M. D., July.

#### BACTERIOLOGY.

(Answer any five.)

1. Give the names of a number of forms of bacteria.
2. Describe the micrococcus of pyogenes.
3. Describe the diplococcus, and tell in what form of disease it is found.
4. How would you proceed to determine the presence or absence of the bacillus tuberculosis?
5. Describe the diplococcus pneumoniae.
6. Describe the bacillus typhosus.
7. Describe and illustrate the germ that is said to produce tetanus.
8. How would you prepare a specimen of urine for bacteriological examination?
9. Define a pathogenic germ.
10. Name five germicidal agents in order of their potency.

—Submitted by W. A. Spurgeon, M. D., July.

#### HYGIENE.

Answer briefly and concisely, in writing, five of the following questions:

1. Define hygiene.
2. Give the hygienic properties of fresh air.
3. Give the hygienic properties of sunlight.

4. Describe a hygienic method of ventilating a dwelling.
5. Describe a hygienic method of heating a dwelling.
6. Describe a hygienic method of lighting a dwelling.
7. Give hygiene of food.
8. Give hygiene of drinking water.
9. Give hygiene of person.
10. What special hygienic measures should be enforced in the presence of infectious diseases?

—Submitted by J. C. Webster, M. D., July.

#### HISTOLOGY.

Answer briefly and concisely, in writing, five of the following questions:

1. Define histology.  
Give histologic character of the following named tissues:
2. Skin.
3. Mucous membrane.
4. Serous membrane.
5. Artery.
6. Air cell.
7. Areolar tissue.
8. Bone.
9. Striped muscle.
10. Unstriped muscle.

Submitted by J. C. Webster, M. D., July.

#### RHINOLOGY.

(Answer any five.)

1. How would you examine nasal cavity?
2. What is rhinitis?
3. Give treatment of epistaxis.
4. Give methods of plugging the nares.
5. What constitutional diseases may show local manifestation in the nose?
6. Give treatment of nasal polypi.
7. What is necessary in operations upon the nose to preserve the sense of smell?
8. What condition of nose may cause loss of sense of smell?
9. Give treatment of acute rhinitis.
10. Give treatment of deflected septum.

Submitted by James M. Dinnen, M. D., July.

## MEDICAL JURISPRUDENCE.

(Answer any five.)

1. Differentiate between wound made before and after death.
2. Differentiate between conditions present in drowned body and one placed in water after death.
3. Give diagnosis of rape.
4. Give technic of autopsy.
5. Define hallucination.
6. Define illusion.
7. Define delusion.
8. How would you determine entrance and exit of bullet which had passed through the body.
9. Give signs of death by morphine.
10. When should notes of autopsy be taken?

Submitted by James M. Dinnen, M. D., July.

## OPHTHALMOLOGY.

(Answer and five.)

1. Give treatment for phlyctenular ulceration of the cornea.
2. What diseases of the eye are caused by variola?
3. Give treatment of granular trachoma.
4. What is strabismus? Give the two principal varieties.
5. What is meant by photophobia?
6. What is the anatomical condition present which causes myopia?
7. Give the diagnosis of glaucoma.
8. What is cataract?
9. Give diagnosis and treatment of blepharitis.
10. Give diagnosis and treatment of iritis.

Submitted by W. F. Curryer, M. D., July.

## OTOLOGY.

(Answer any five.)

1. Give treatment of frost-bitten ear.
2. Give diagnosis and treatment of cerumen.
3. Name the ossicles found in the tympanic cavity.
4. Give symptoms and treatment of acute suppurative inflammation of the middle ear.
5. What complication is liable to follow erysipelas of the ear?
6. Give the diagnosis and treatment of acute eczema of the external auditory canal.
7. Give the diagnosis of chronic catarrhal inflammation of the middle ear.
8. Give the treatment of chronic purulent inflammation of the middle ear.

9. Give the treatment of a patient with live insect in the external auditory canal.
10. How could you diagnose diseases of the internal auditory canal?

Submitted by W. F. Curryer, M. D., July.

#### LARYNGOLOGY.

(Answer any five.)

1. Give pathology and treatment of epistaxis.
2. Give synonym, etiology and treatment of periodic hyperesthetic rhinitis.
3. Describe the larynx.
4. Define acute laryngitis.
5. Give etiology and treatment of hypertrophy of the tonsil.
6. Give the etiology and differential symptoms of specific rhinitis.
7. Laryngismus stridulus—define and give treatment.
8. Hysterical aphonia—give etiology and treatment.
9. Retro-pharyngeal abscess—define, give prognosis and treatment.
10. Naso-pharyngeal polypus—state treatment and prognosis.

Submitted by W. T. Gott, M. D., July.

#### DERMATOLOGY.

(Answer any five.)

1. Ichthyosis—(a) common name, (b) define, (c) give symptoms.
2. Lichen ruber—describe.
3. Nevus pigmentosus—(a) give synonym, (b) definition.
4. Sclerema neonatorum—(a) define, (b) give symptoms.
5. Herpes zoster—(a) define, (b) give treatment.
6. Elephantiasis—define and give a synonym.
7. Keratosis pilaris—give etiology and treatment.
8. Psoriasis—describe and give prognosis.
9. Chloasma—give synonym, etiology and treatment.
10. Pemphigus—give diagnosis and etiology.

Submitted by W. T. Gott, M. D., July.

## REPORT ON EXAMINATION.

---

A total average of 75 per cent. shall be necessary to license a candidate (he having otherwise complied with the law), providing that on no subject shall the grade be less than 40 per cent. A candidate having less than 50 per cent. in more than one subject shall be rejected. The candidate, however, is entitled to a second examination within one year without further charge.

COLLEGE.	Year of Graduation.	General Average.											
		Obstetrics.	Gynecology.	Surgery.	Bacteriology.	Pathology.	Hystology.	Rhinology.	Ophthalmology.	Laryngology.	Dermatology.	General Average.

## **SUMMARY OF LAWS AND REGULATIONS GOVERNING PRACTICE OF MEDICINE IN THE STATES AND TERRITORIES OF THE UNION.**

---

### **NOTE.**

The requirements as set forth herein are substantially correct, at the present date (May 1, 1903). There has been no attempt made to furnish a complete digest of the several laws and regulations, but rather to give the essential facts regarding the conditions of medical practice, desired by the physician who wishes to locate in a State. Information concerning the fees for examination and license, and the time and place of examinations, has been purposely omitted. Further information can be furnished by the respective secretaries, whose names and addresses are correctly given.

---

### **ALABAMA.**

The Board of Censors of the Medical Association of the State of Alabama and the Boards of Censors of the several county medical societies who are in affiliation with the said Medical Association of the State of Alabama, are the authorized Boards of Medical Examiners.

An examination is required of all persons desiring to practice medicine in this State. An examination may be taken before any of the County Boards or the State Board. County Boards can examine only those who hold diplomas from reputable schools. Graduates and nongraduates in medicine may be examined by the State Board. Examination by a County Board must be reviewed and reported upon by the State Board. As a rule the examination is in writing and comprises ten different branches.

Dr. W. H. Sanders, Montgomery, is the Chairman of the State Board of Medical Examiners.

## ALASKA.

There is no law regulating the practice of medicine in this territory. Itinerant physicians, in accordance with the act of June 6, 1900, pay a license of \$50 per annum.

---

## ARIZONA.

"No person shall receive a license to practice medicine within the territory unless he or she shall have: First. Obtained a diploma to practice medicine, or some department thereof, regularly issued by a medical college, lawfully organized under the laws of the state or territory wherein such college shall have been located at the time of the issuance of such diploma; and, Second, Obtained a certificate entitling him or her to practice medicine, as prescribed in Section 4, Chapter 1, of Title 53, being paragraph 3529 of the Revised Statutes of Arizona, 1901, or shall have passed a satisfactory examination prescribed by the provisions of an Act of the Legislative Assembly of Arizona, entitled, 'An Act to amend an Act to regulate the practice of medicine in the Territory of Arizona,' approved March 18, 1897; or, Third. Practiced medicine within the Territory of Arizona continuously for five successive years preceding the date fixed for the taking effect of this act; or, Fourth. Upon examination by the Board of Medical Examiners of Arizona, shown to the satisfaction of the Board that he or she possesses sufficient knowledge and skill to properly practice medicine; and, Fifth. Become a bona fide resident of Arizona, and shall have passed the age of twenty-one years and shall have a good moral character."

The examination is in the following branches: Anatomy, chemistry, gynaecology, obstetrics, pathology, practice, surgery and such other branches as the applicant may elect.

Dr. Wm. Duffield, Phoenix, is Secretary of the Board.

## ARKANSAS.

A graduate of some reputable college of medicine and surgery that requires not less than two courses of lectures, each course in a different year, as an essential for graduation, can obtain permission to practice by exhibiting his diploma to some county clerk and having the same recorded.

Nongraduates in medicine or physicians holding diplomas from colleges not complying with the requirements of the law, can obtain a certificate after an examination before a County Board of Medical Examiners. The County Court of each county appoints a board in and for the said County.

A bill for an act providing for three State Examining Boards and requiring an examination of all applicants for a certificate, has passed the House and Senate and goes into effect May 17, 1903.

---

## CALIFORNIA.

In order to procure a certificate entitling to practice in this State, the applicant must present to the State Board of Medical Examiners a diploma issued by some legally chartered medical school, the requirements of which school shall have been at the time of granting such diploma, in no particular less than those prescribed by the Association of American Medical Colleges for that year; or he must produce satisfactory evidence of having possessed such diploma, or a license from some legally constituted institution which grants medical and surgical licenses only upon actual examination, or satisfactory evidence of having possessed such license. The applicant must also be personally examined by the Board as to his qualifications to practice medicine and surgery on the following subjects: Anatomy, physiology, bacteriology, pathology, chemistry and toxicology, surgery, obstetrics, *materia medica* and therapeutics, theory and practice of medicine. The Board is empowered by law to license without examination persons holding certificates from States having equal

requirements, providing the licenses of California are recognized without examination in said States.

Reciprocity with other States is not yet established.

Dr. George G. Gere, 825 Market street, San Francisco, is the Secretary of the Board.

---

### COLORADO.

The laws regulating medical practice in Colorado are essentially as follows:

Those physicians holding diplomas from recognized reputable medical schools are registered upon the presentation of diplomas or other sufficient evidence of graduation. All applicants graduating after January 1, 1900, must have had four full courses—in four separate years—in medical colleges having adopted the standard of requirements equal to those of the A. A. M. C. Other physicians and undergraduates applying for licenses are examined. Only residents of Colorado are registered.

Dr. S. D. Van Meter, Denver, is Secretary of the State Board of Medical Examiners.

---

### CONNECTICUT.

In this State a license will be issued to any person of good character who has received a diploma from some legally incorporated medical college, and who passes an examination before any one of the three committees appointed by the State Board of Health on the nomination of the Connecticut Medical Society, the Connecticut Homeopathic Medical Society and the Connecticut Eclectic Medical Association. Each committee frames its questions and conducts its examinations and files both questions and answers with the State Board of Health, which issues certificates of registration. The examinations are in the several branches of medicine.

Dr. C. A. Lindsley, New Haven, is Secretary of the State Board of Health, to whom applications for blank forms and for examination should be made.

## DELAWARE.

The right to practice in this State is conferred only by a certificate of the Medical Council. All applicants must present diplomas from legally incorporated medical colleges. Graduates after April, 1895, must have attended three courses of lectures in different years. Applicants furthermore must pass a written examination before the Board of Medical Examiners representing the President and Fellows of the Medical Society of Delaware, or that representing the Homeopathic Society of Delaware State and Peninsula. Examinations are in anatomy, physiology, hygiene, chemistry, surgery, obstetrics, pathology, diagnosis, therapeutics, practice of medicine and *materia medica*.

Reciprocity of license is permitted by law with other States having a standard of requirements substantially the same as that required by the Medical Council of Delaware.

"Thus far Delaware has arranged for reciprocity with but two States, New Jersey and Maryland. The purpose of the Medical Examining Boards of Delaware is to establish reciprocal relations with those boards of other States having a standard not below our own."—Sec., Feb. 1, 1903.

Dr. W. P. Tomlinson, Wilmington, is Secretary of the Medical Council, to whom applications for examinations should be made.

## DISTRICT OF COLUMBIA.

Only graduates in medicine holding diplomas from colleges recognized by the Board of Medical Supervisors of the District are eligible to the examination. Diplomas issued prior to July 1, 1898, shall be accompanied by satisfactory evidence that the applicant has studied medicine not less than three years prior to the issuing thereof, and four years if issued subsequent to June 30, 1898. Diplomas issued on two courses of lectures cannot be accepted without evidence of at least one year's additional study prior to the issue of a diploma. All examinations include anatomy, physiology, chemistry, bacteriology, pathology, *materia medica* and therapeutics, hygiene, histology, practice of medicine, sur-

gery, obstetrics and gynecology, diseases of the eye and the ear, medical jurisprudence, and such other branches as may be from time to time determined by the Board of Medical Supervisors. Licenses may be issued without examination to physicians holding certificates from the examining boards of other States, providing the said Boards grant equal rights and recognition to the licentiates of the Board of Medical Supervisors of the District of Columbia. Examinations are conducted by three Boards of Medical Examiners, representing the Regular, Homeopathic and Eclectic Schools. All examinations are subject to review by the Board of Medical Supervisors.

"The Board of Medical Supervisors of the District of Columbia will reciprocate with any State or Territory, the medical law of which grants to licentiates of the Board of Medical Supervisors of the District of Columbia rights and recognition in such State or Territory equal to the rights and recognition grantable reciprocally to the licentiates of such State or Territory."—Sec., Feb. 1, 1903.

All applications for a license must be made to the Secretary of the Board of Medical Supervisors, Dr. Wm. C. Woodward, Washington, D. C.

---

#### FLORIDA.

The law of this State requires that an applicant for a certificate shall pass an examination before the Board of Examiners of a Judicial District, a State Homeopathic Board or a State Eclectic Board. The applicant to a District Board must present a diploma from a recognized school. To the Homeopathic Board a diploma from a school recognized by the American Institute. To the Eclectic Board a certificate of graduation from an Eclectic school. There is no uniform standard for examinations. Each Board establishes its own standard.

#### SECRETARIES STATE BOARDS OF EXAMINERS.

Dr. Louis de M. Blocker, Pensacola, 1st Judicial Circuit.

Dr. J. F. Williams, Monticello, 2d Judicial Circuit.

Dr. J. A. Townsend, Lake City, 3d Judicial Circuit.

Dr. J. H. Duree, Jacksonville, 4th Judicial Circuit.  
Dr. G. E. Welch, Palatka, 5th Judicial Circuit.  
Dr. L. A. Bize, Tampa, 6th Judicial Circuit.  
Dr. R. L. Harris, Orlando, 7th Judicial Circuit.

STATE HOMEOPATHIC BOARD.

Dr. C. W. Johnson, Jacksonville.

STATE ECLECTIC BOARD.

Dr. D. E. Saxton, Tampa.

---

GEORGIA.

In this State there are three boards of examiners of five members each appointed by the Governor from the Regular, Eclectic and Homeopathic schools. Each Board examines only persons making application to it, who are graduates of incorporated medical colleges, that require not less than three full courses of studies of six months each, or in the case of persons graduated prior to April 1, 1895, on two full courses of study. The applicant must appear before the Board which represents the system that he proposes to practice.

Dr. J. B. S. Holmes, Atlanta, is Secretary of the Board representing the Regular School of Medicine. Dr. R. E. Hinman, Atlanta, is Secretary of the Board representing the Homeopathic School of Medicine. Dr. M. T. Salter, Atlanta, is Secretary of the Board representing the Eclectic School of Medicine.

---

HAWAII.

A license to practice medicine in Hawaii Islands is granted by the Minister of the Interior on the recommendation of the Board of Health after an examination by the same Board.

Dr. J. S. B. Pratt, Honolulu, is executive officer of the Board.

## IDAHO.

Graduates of reputable colleges of medicine in good standing with the State Board of Medical Examiners are eligible to examination. The applicants are examined in the applied branches of the theory and practice of medicine and surgery as are taught in the reputable schools of the system of medicine to which the applicant belongs, and in which the applicant intends to practice. At present the Board examines applicants upon twelve branches, as follows: anatomy, physiology, materia medica and therapeutics, obstetrics, gynecology, chemistry and toxicology, diagnosis, theory and practice, histology and pathology. •

Dr. R. L. Nourse, Hailey, is the Secretary of the State Board of Medical Examiners.

---

## ILLINOIS.

An examination by the State Board of Health is required of every person desiring to commence the practice of medicine in the State. An applicant must be a graduate of a medical college or institution in good standing as may be determined by the Board, and if graduating after January 1, 1900, must show evidence of having attended four courses of lectures in four separate years. The examination embraces those general subjects and topics, a knowledge of which is commonly and generally required of graduates for the degree of Doctor of Medicine by reputable medical colleges of the United States.

Applicants who have been examined and licensed by other State Examining Boards having at the time of examination standards not lower than those required by the State Board of Health of Illinois, will be granted certificates without examination, if the examining Board in question will recognize certificates issued by the Illinois Board, under the provisions of the act now in force.

A bill for an act creating a State Board of Medical Examiners and regulating the practice of medicine in the State has passed the Senate and is now in the House of Representatives.

Dr. J. A. Egan, Secretary, Springfield.

## INDIAN TERRITORY.

In the Cherokee Nation, all persons desiring to begin the practice of medicine must obtain a certificate from a Board of Medical Examiners of a Supreme Judicial District. An examination may or may not be required of a graduate of some medical school of reputable standing. Certificates are not issued to nongraduates in medicine.

In the Creek Nation a graduate of a reputable medical college may be granted a certificate by the Board of Physicians without examination. Nongraduates are examined.

In the Choctaw Nation an examination is required of all persons, but as in the Creek Nation there is no penalty for violation of the law except that the offender shall be held to be an intruder and dealt with accordingly.

It is stated that in the above nations, as well as in the Peoria, Wyandotte and others, the laws are null and void.

---

## INDIANA.

An examination is required of all applicants for a certificate to practice medicine in this State, except students who matriculated in a reputable Indiana medical college before January 1, 1901, and graduate and make application to the Board prior to January 1, 1905. The applicant for an examination must have graduated from a reputable medical college, maintaining a standard of medical education prescribed by the Board. The subjects for examination are anatomy, physiology, obstetrics, gynecology, materia medica and therapeutics, theory and practice of medicine, chemistry, surgery, pathology, bacteriology, hygiene, histology, rhinology, medical jurisprudence, ophthalmology, otology, laryngology and dermatology. The Board by law is empowered to establish and cause to be rigidly adhered to, a schedule of minimum requirements and rules for medical colleges. The Board is empowered to make and establish all necessary rules and regulations for the reciprocal recognition of certificates issued by other States.

Dr. W. T. Gott, Indianapolis, is Secretary State Board Medical Examiners.

## IOWA.

From and after January 1, 1899, all persons beginning the practice of medicine in the State of Iowa, must submit to an examination in the several branches of anatomy, chemistry, materia medica, obstetrics, pathology, physiology, practice and surgery, and in addition thereto must present diplomas from medical colleges recognized as in good standing by the State Board of Medical Examiners; and all persons receiving their diplomas subsequent to January 1, 1899, must present evidence of having attended four full courses of study of not less than twenty-six weeks each, no two of which courses shall have been given in any one year.

Dr. J. F. Kennedy, Des Moines, is Secretary of the Board.

---

## KANSAS.

In accordance with the law regulating the practice of medicine in the State of Kansas, persons desiring to commence the practice of medicine in the State shall apply to the State Board of Medical Registration and Examination and furnish evidence that they have devoted not less than three periods of six months each, no two within the same twelve months, or, if after April 1, 1902, four periods of not less than six months each, no two within the same twelve months, to the study of medicine and surgery, and submit to such examination in anatomy and histology, chemistry, obstetrics and gynecology, materia medica and therapeutics, pathology, bacteriology, theory and practice of medicine, physiology and surgery. The law further provides that graduates of legally chartered medical institutions of the United States or foreign countries in good standing as determined by the Board, may, at the discretion of the Board, be granted a license without examination, and that the Board may in its discretion accept in lieu of examination or diploma the certificates of other Boards, whose standards of qualifications for practice are equivalent to those of Kansas. Circular Letter No. 7, issued by the Board March 20, 1903, states that after April 1, 1902, the basis of all registration for the practice of medicine and surgery will be a satisfactory ex-

amination by the Board. No registrations will be made on diplomas or certificates from other State boards.

Dr. D. F. Lewis, Topeka, is Secretary of the Board.

---

### KENTUCKY.

The authority to practice medicine is a certificate from the State Board of Health, which, upon application, issues a certificate to any reputable physician who is practicing, or who desires to begin the practice of medicine in this State who possesses any of the following qualifications: First, a diploma from a reputable medical college legally chartered under the laws of this State. Second, a diploma from a reputable and legally chartered medical college of some State or county endorsed as such by the State Board of Health. Third, satisfactory evidence from the person claiming the same that such person was reputably and honorably engaged in the practice of medicine in this State prior to February twenty-third, one thousand eight hundred and sixty-four. Nonresidents are not entitled to register.

Dr. J. N. McCormack, Bowling Green, is Secretary of the Board.

---

### LOUISIANA.

All persons before entering upon the practice of medicine in any of its branches, in this State, must present to the Board of Medical Examiners a diploma from a medical college in good standing as determined by the Board, and pass a satisfactory examination. The applicant shall also satisfy the Board that he or she is twenty-one years of age, of good moral character, and possesses at least a fair primary education. The Board, composed of physicians and surgeons recommended by the Louisiana State Medical Society, examines all applicants who propose to practice any other than the Homeopathic system of medicine, and the Board, composed of physicians recommended by the Hahnemann State Medical Society, examines all applicants who propose to practice the Homeopathic system of medicine.

Dr. F. A. Larue, 624 Gravier street, New Orleans, is secretary of the Board representing the Louisiana State Medical Society, and Dr. Gayle Aiken, 1102 St. Charles Avenue, New Orleans, is secretary of the Board representing the Hahnemann State Medical Society.

---

#### MAINE.

All persons who apply for registration in this State must present to the Board of Registration of Medicine a diploma from a medical school or college in good standing with the said Board and pass an examination in anatomy (including histology), physiology (with some reference to chemistry), pathology, including bacteriology, *materia medica*, therapeutics, practice of medicine, surgery (including reference to diseases of eye and ear), and obstetrics (including gynecology). The standard of medical instruction which the Board will approve is three years of medical study and three courses of lectures for those who graduate previous to 1902 and four years' study and four courses of lectures after 1901. Five years of reputable practice before 1901 will be accepted in lieu of one year's study. Any person who is eligible for examination before this Board and who has been examined and registered or licensed by the examining Board of any other State which maintains a standard of education at least equal to that required in this State, may be registered by this Board and have a certificate issued to him, signed by the Chairman and Secretary, upon complying with certain requirements.

We will register any person who is eligible to examination by our Board and who has been examined and received a rating of at least 75 per cent. by any Board that maintains a standard equal to our own and been registered by it, provided the Board will accept our certificate under similar circumstances.—Sec. Feb. 3, 1903.

Dr. A. K. P. Meserve, Portland, is Secretary of the Board.

## MARYLAND.

The regulation of the practice of medicine in this State devolves upon two boards of eight members each selected respectively by the Medical and Chirurgical Faculty of the State of Maryland and the Maryland State Homeopathic Medical Society. Any person who desires to commence the practice of medicine in the State must make written application for license to either Board and to show that he is of good moral character, has received a competent common school education and has either received a diploma from a medical college of the United States requiring a four years' standard of education as defined by the American Medical College Association or the Intercollegiate Committee of the American Institute of Homeopathy or a diploma or license conferring the full right to practice all the branches of medicine and surgery in some foreign country. The requirement concerning diploma or license does not apply to any physician who has practiced outside of Maryland for at least three years prior to April 11, 1902, and has been duly registered and licensed in the place where he so practiced, or to any student who on April 11, 1902, was in his second year in a medical college, providing he completes an attendance on three courses of lectures in different years.

All applicants are required to pass an examination in the following subjects: Anatomy, physiology, surgery, practice, pathology, chemistry, materia medica, therapeutics and obstetrics. Medical students shall on application be examined at the end of their second and fourth year, the certificates of the Boards being withheld until a diploma has been conferred. The Boards are empowered to recognize without examination certificates issued by other Boards having requirements of as high a standard as those governing the Board of Maryland. Physicians in the District of Columbia may be licensed without fee or examination.

Dr. J. M. C. P. Scott, Hagerstown, is Secretary of the Board, representing the Medical and Chirurgical Faculty of Maryland, and Dr. Jos. S. Garrison, Easton, is Secretary of the Board representing the Maryland State Homeopathic Society. Applications should be made to the Secretary of the Board before which the applicant desires to appear.

### MASSACHUSETTS.

The State Board of Registration in Medicine is required to examine all persons who desire to commence the practice of medicine in this State. The examinations are wholly or in part in writing in the English language, and of a scientific and practical character. They include the subjects of anatomy, surgery, physiology, pathology, obstetrics, gynecology, practice of medicine and hygiene, and shall be sufficiently thorough to test the applicant's fitness to practice medicine. The applicant must be over twenty-one years of age, and of good moral character.

Dr. E. B. Harvey, State House, Boston, is the Secretary of the Board.

---

### MICHIGAN.

The Board of Registration in Medicine in this State is empowered by law to license without examination "graduates of \* \* \* reputable colleges of medicine having at least a three years' course of eight months in each year, or a course of four years of six months in each year, \* \* \* as shall be approved and designated by the Board of Registration." Other graduates and non-graduates are to be examined by the Board. Reciprocity with other States is permitted.

A bill for an act requiring the examination of all persons who desire to commence the practice of medicine in the State is pending in the Legislature.

Dr. B. D. Harison, Sault Ste Marie, is Secretary of the Board.

---

### MINNESOTA.

All persons who hereafter commence the practice of medicine and surgery in this State must apply to the Board of Medical Examiners for a license, and the applicant, at the time and place designated by the Board, or the regular meeting of the Board, must submit to an examination. Graduates prior to July 1, 1887, must

present evidence of having attended two courses of lectures in different years, if their diploma dates later than July 1, 1887, and prior to January 1, 1899, three courses are required, and if subsequent to January 1, 1899, four courses.

After January 1, 1902, applicants for license to practice medicine and surgery must present evidence of having attended four (4) full courses at a medical college recognized by the Minnesota State Board of Medical Examiners, of at least twenty-six weeks each, no two courses being in the same year. Graduates of medical colleges granting advanced standing for work done at other than medical colleges are not eligible to the examinations given by the Board. The above does not apply to such students as have been granted advanced standing prior to September, 1901. "Non-graduates are not admitted to examination." Sec. S. B. M. E.

Dr. C. J. Ringnell, Minneapolis, is Secretary of the Board.

---

#### MISSISSIPPI.

Any person who desires to obtain a license to practice medicine and surgery can apply in writing to the State Board of Health and be examined by this Board touching his learning in the following branches of medicine: Anatomy, chemistry, obstetrics, materia medica, physiology, pathology, surgery and hygiene.

Dr. J. F. Hunter, Jackson, is Secretary of the Board.

---

#### MISSOURI.

Any person who desires to commence the practice of medicine in this State can appear before the State Board of Health and be examined as to his fitness. The examination embraces the subjects of anatomy, chemistry, physiology, pathology, therapeutics, obstetrics, gynecology, surgery, practice of medicine, medical jurisprudence, bacteriology and hygiene.

Any student who matriculated in a medical college in Missouri prior to March 13, 1901, will be granted a certificate without examination.

Dr. W. F. Morrow, Kansas City, is Secretary of the Board.

## MONTANA.

All persons wishing to practice medicine in this State must apply to the State Board of Medical Examiners for a certificate and present a diploma from a medical school, legally organized and in good standing, and submit to an examination in such branches of medicine as the Board may deem advisable. The applicant must also present evidence of having attended four courses of lectures of at last six months each, if he graduated after July 1, 1898. Reciprocity with other States is permitted.

Dr. Wm. C. Riddell, Helena, is Secretary of the Board.

---

## NEBRASKA.

A graduate of a legally chartered medical school or college in good standing with the State Board of Health may obtain a certificate by presenting a diploma to the Board and paying the required fee. Applicants graduating after July 1, 1891, must have attended three courses of lectures of six months each in three separate years. Applicants graduating after August 1, 1898, must have attended four courses of lectures in four separate years. Diplomas from foreign colleges are not recognized unless the holders are authorized to practice in the country in which the diplomas were issued. A law has just been passed by the Legislature providing for an examination for all candidates for license to practice medicine in Nebraska, and will go in force on August 1, 1903. The applicant must be a graduate of a medical college in good standing.

Dr. Geo. H. Brash, Beatrice, is Secretary of the Board.

---

## NEVADA.

Certificates are issued by the State Board of Medical Examiners without examination to the following persons: (a) Graduates of reputable and legally chartered medical institutions of the United States, which are in good standing with the Board; (b) persons who have received licenses from the State Examining Boards of

any State of the United States, "providing the holder of said State certificates has been practicing in this State (presumably Nevada) for at least five years." The Board examines persons who have been engaged in the practice of medicine in Nevada for at least five years, and graduates of foreign medical colleges, in all subjects relating to the practice of medicine and surgery.

Dr. S. L. Lee, Carson City, is Secretary of the Board.

---

#### NEW HAMPSHIRE.

The Superintendent of Public Instruction, *ex officio*, is the Regent of the State Board of Medical Examiners. He will admit to examination any candidate who pays a fee of ten dollars and submits satisfactory evidence (1) that he is more than twenty-one years of age, (2) is of good moral character, (3) has graduated from a registered college or satisfactorily completed a first course in a registered academy or high school, or had a preliminary education considered and accepted by the regents as fully equivalent, (4) has studied medicine not less than four full school years of at least nine months each, including four satisfactory courses of at least six months each, in four different calendar years, in a medical college registered as maintaining at the time a satisfactory standard (the Regent will accept as the equivalent of any part of the third and fourth requirements, evidence of five or more years' reputable practice, provided that such substitution be specified in the license), (5) or has either received the degree of bachelor or doctor of medicine from some registered medical school, or a diploma or license conferring full right to practice medicine in some foreign country. Subjects for examination: Chemistry, surgery, physiology and hygiene, anatomy, obstetrics, pathology and diagnosis, therapeutics. Applicants examined and licensed by other State Examining Boards, registered by the Regent as maintaining standards not lower than those provided above, and applicants who matriculate in a New Hampshire medical school before January 1, 1898, and who received the degree of M. D. January 1, 1903, may, without further examination, on payment of five dollars to the Regent, and on submitting such evidence as may be

required, receive an endorsement of their license or diplomas conferring all rights and privileges of the Regent license issued after examination.

"The reciprocity clause is not enforced, and probably will not be at present."—Regent State Board of Examiners, Feb. 5, 1903.

Hon. Channing Folsom, Concord, is Regent of the three State Boards of Examiners, representing respectively the Regular, Homeopathic and Eclectic Schools.

---

#### NEW JERSEY.

Applicants for a license in this State must present evidence that they are graduates from an accredited literary or scientific college, or have completed satisfactorily not less than a three years' course in an accredited high school or academy, or have received a preparatory education covering the following branches, viz.: Orthography, arithmetic, English grammar and composition, geography, history of the United States, algebra and physics, or, what the State Board of Medical Examiners may consider their equivalent. Each applicant must also present to the State Board of Medical Examiners evidence of having studied medicine for four years and of having attended at three courses of medical lectures in different calendar years in a legally incorporated medical college in good standing, and pass a written examination in *materia medica* and therapeutics, obstetrics and gynecology, practice of medicine, including diseases of the skin, nose and throat, surgery, including surgical anatomy and diseases of the eye, ear and genito-urinary organs, anatomy, physiology, chemistry, histology, pathology and bacteriology, hygiene and medical jurisprudence. The law empowers the Board to establish reciprocal relations with other Boards having substantially the same standard of requirements. The Board has adopted as a basis of endorsement the personal fitness and professional qualifications of the candidate plus a State certificate of license issued after examination in substantially the same medical branches and under essentially the same conditions as the law of this State and the regulations of this Board require.

"New Jersey now reciprocates with Maine, Delaware, Maryland, Virginia, Illinois and Washington, and endorses New York and Pennsylvania."—Sec., Jan. 16, 1903.

After July 4, 1903, the following changes in the requirements for a New Jersey license will go into effect:

1. The academic requirements will be a certificate or diploma, issued after four years of study, either in a normal, manual training or high school of the first grade, in this State, or in a legally constituted academy, seminary or institute of equal grade, or a student's certificate of examination for admission to the freshmen class of a reputable literary college or an academic education considered and accepted by the State Superintendent of Public Instruction as fully equivalent.

2. The medical requirements will be four full school years of medical study, of at least nine months each, including four satisfactory courses of lectures of at least seven months each, in four different calendar years, in a legally incorporated medical college or colleges, prior to receiving the degree of Doctor of Medicine.—(Circular State Board of Medical Examiners.)

Dr. E. L. B. Godfrey, Camden, is the Secretary of the Board.

---

#### NEW MEXICO.

An Act to Regulate the Practice of Medicine and provide for a Board of Health in New Mexico prescribes that the said Board shall, upon the production of evidence satisfactory to it, license any person who is the holder of a diploma from a medical college in good standing to practice medicine, surgery and obstetrics in New Mexico, and shall require all persons, not the holders of such diplomas, to pass such examination as to the Board shall seem proper, before licensing any such person to engage in the practice of medicine, surgery and obstetrics.

Extract from Rulings of the New Mexico Board of Health: "For the purpose of determining what are medical colleges in good standing under the act of the Legislative Assembly, Chapter 18, Law of 1901, creating this Board, the following are recognized and established as such, viz.: The University of Pennsylvania, Har-

vard University, Johns Hopkins University, Columbia University of New York, University of Missouri (Columbia, Mo.), Yale University, Ann Arbor or University of Michigan and University of Minnesota.

"The diplomas granted by the above named institutions after July 1, 1902, shall entitle the holder thereof to a license to practice without examination, upon complying with the other conditions prescribed by this Board. All other applicants, whether holding diplomas from any school or college, or not, dated before the first day of July, 1902, are required to pass the examination prescribed by this Board."

Dr. W. G. Hope, Albuquerque, is Secretary of the Board.

---

#### NEW YORK.

The regulation of the practice of medicine of this State is under the control of the Regents of the State University, by whom the three State Examining Boards representing the three schools of medicine are appointed. The examinations are conducted by a Regent's examiner and the answers are rated by the members of the Board. An applicant to practice must show evidence of a high school education or its equivalent, and of having studied medicine not less than four full years of at least nine months each, including four full satisfactory courses, and at least six months in four different calendar years. Applicants who graduated before January 1, 1902, need not show evidence of more than three courses of lectures. Each applicant must pass a thorough examination in anatomy, physiology and hygiene, chemistry, surgery, obstetrics, pathology and diagnosis, and therapeutics, including practice and *materia medica*. The Regents are empowered to recognize licenses issued in other States, but "we do not at present accept licenses issued by any other State Boards, as the Boards of Medical Examiners have not considered licenses issued by any other Board of a standard equal in all respects to that of this State."—Sec. Jan. 11, 1903.

James Russell Parsons, Jr., Albany, is Secretary of the Regents of the University.

### NORTH CAROLINA.

The law requires an examination of all applicants by the State Board of Medical Examiners in surgery, physiology and hygiene, anatomy and histology, obstetrics and gynecology, practice of medicine, *materia medica* and therapeutics, chemistry and pharmacy. To be eligible to examination the candidate must present a diploma from a medical college in good standing, which requires of its graduates after January 1, 1900, an attendance of not less than three years, or a license or other satisfactory evidence of standing as a legal practitioner in another State.

Dr. Geo. W. Presse, Charlotte, is Secretary of the Board.

---

### NORTH DAKOTA.

An applicant for a license must present evidence of having attended three courses of lectures of at least six months each, and pass an examination before the State Board of Medical Examiners, in the following branches: Anatomy, physiology, chemistry, histology, *materia medica*, therapeutics, diseases of women and children, diseases of the nervous system, diseases of the eye and ear, medical jurisprudence, and such other branches as the Board deems advisable.

Dr. H. M. Wheeler, Grand Forks, is Secretary of the Board.

---

### OHIO.

An applicant for examination before the Ohio State Board of Registration and Examination must present evidence of preliminary education equivalent to that covered in a four years' course in a high school, or pass an examination conducted by certified examiners under the direction of the Board, and present a diploma from a medical institution in the United States in good standing with the Board, or a diploma or license approved by the Board, issued in some foreign country. Each applicant will be examined

in the following subjects: Anatomy, physiology, chemistry, materia medica, practice, pathology, obstetrics, physical diagnosis and diseases of women and children, but an examination will not be required of any medical student who was matriculated on January 1, 1900, in any medical college in the State of Ohio, recognized by the State Board of Medical Registration and Examination of Ohio, and who shall have graduated subsequent to January 1, 1900, and who shall have filed his or her diploma for registration prior to July 1, 1904. The law empowers the Board to license without examination applicants holding certificates issued by other State Boards having equal requirements. Reciprocity has not yet been established.

Dr. Frank Winders, Columbus, is Secretary of the Board.

---

#### OKLAHOMA.

No person hereafter shall practice medicine or surgery in this Territory without first obtaining a license from the Territorial Board of Health. Application for license shall be made in writing, together with a fee of five dollars, accompanied by a proof of good moral character, and proof of ten years' continuous practice or proof of graduation from a reputable medical college. When the application has been inspected by the Board and found to comply with the foregoing provisions, the Board shall notify the applicant to appear for examination at a time and place designated in such notice. Examination shall be made in whole or in part in writing and be sufficiently strict to test applicant's qualifications to practice medicine. All members of the Board shall be present and participate in such examinations.—Section 5, Act of 1903. In force March 12, 1903.

The applicant must pass an examination before the Board in the following branches, viz.: Anatomy, chemistry, physiology, materia medica and therapeutics, medical jurisprudence, surgery, obstetrics, physical diagnosis and the general practice of medicine and attain a grade of 66 2-3 per cent. in each branch.

Dr. E. E. Cowdrick, Enid, is Secretary of the Board.

## OREGON.

An applicant for a license must make an affidavit to the State Board of Medical Examiners, setting forth the actual time spent by him in the study of medicine, and pass such examination as the Board shall deem advisable.

Dr. Byron E. Miller, Portland, is Secretary of the Board.

---

## PENNSYLVANIA.

Applicants for the State examination are required by law to submit to the Medical Council evidence of a preliminary education equivalent to a high school course (or pass a preliminary examination) and present a diploma from a legally incorporated medical college of the United States or a diploma or license conferring the right to practice in some foreign country, and pass an examination in anatomy, physiology, hygiene, chemistry, surgery, obstetrics, pathology, diagnosis, therapeutics, practice of medicine and *materia medica*. The rules of the Medical Council require that a preliminary examination shall be required from all candidates for medical licenses in the following branches, to wit: Arithmetic, grammar, geography, orthography, American history and English composition. The diploma of a college, diploma of an academy, seminary, normal school, or high school, or a teacher's permanent certificate, or a student's certificate of examination for admission to the freshman class in a literary college, shall be accepted in lieu of such examination. Applicants who received their degrees in medicine since the first day of July, 1894, must have pursued the study of medicine for at least three years, including three regular courses of lectures in different years, in some legally incorporated medical college, prior to the granting of the diploma or license, and after the first day of July, 1895, such applicants must have pursued the study of medicine for at least four years, including three regular courses of lectures in different years, in some legally incorporated medical college, prior to the granting of the diploma or license. Examinations are conducted by the Boards representing the Regular, Homeopathic and Eclectic Schools of Medicine,

but application should be made to the Medical Council. The law contains a reciprocity clause,\* which is practically inoperative. "The Medical Council accepts nothing but licenses from the State of New York."—Secretary, Dec. 1, 1902.

Hon. James W. Latta, Harrisburg, is the Secretary of the Medical Council.

**SECRETARIES OF STATE BOARD OF MEDICAL EXAMINERS:**

Regular School, Dr. H. S. McConnel, New Brighton; Homeopathic School, Dr. D. J. C. Guernsey, 1923 Chestnut street, Philadelphia; Eclectic School, Dr. W. H. Blake, 2116 North Marvine street, Philadelphia.

---

**PHILIPPINES.**

In accordance with the provisions of an Act Regulating the Practice of Medicine and Surgery in the Philippine Islands enacted Dec. 4, 1901, it shall be unlawful after March 1, 1902, for any person to practice medicine in any of its branches in the Philippine Islands unless he holds a certificate of registration from the Board of Medical Examiners for the Philippine Islands. Such certificates are granted without examination to persons engaged in the practice of medicine in the Philippine Islands prior to the passage of this Act who submit to the Board of Medical Examiners a diploma of Doctor of Medicine from a reputable medical school or college, to certain students in the St. Thomas University in the City of Manila and to persons who have passed the examination before a Board of Examiners convened pursuant to special order No. 5 and Circular No. 6 of the United States Military Government of the Philippine Islands, dated respectively February 25 and April 1, 1900. Every other person desiring to begin the practice of medicine and surgery in the Philippine Islands must apply to the Board of Medical Examiners for a certificate of registration as Doctor of Medicine, and submit to an examination in the usual branches of medicine, and also present a diploma of Doctor of Medicine from a medical school or college recognized as reputable by the Board of Health of the Philippine Islands.

The Board of Medical Examiners meets in the city of Manila for the purpose of examining candidates, on the second Tuesday in January, April, July and October of each year.

Applications for examination should be made to the Secretary-Treasurer of the Board of Medical Examiners of the Philippine Islands, Manila.

---

#### PUERTO RICO.

A physician desiring a license to practice his profession in Puerto Rico must present a diploma or certificate of graduation to the Secretary of the Superior Board of Health, and pass such examination as the Board may prescribe before a committee appointed by the Board.

Applicants who possess diplomas from reputable medical colleges, and who have been licensed by State Boards, may be licensed by the Superior Board of Health without examination if the Superior Board of Health so decides.

Dr. Wm. F. Smith, San Juan, is the Secretary of the Board.

---

#### RHODE ISLAND.

The authority to practice medicine in this State is a certificate from the State Board of Health, and the Board shall, upon application, after examination, issue a certificate to any reputable physician who intends to practice medicine or surgery in this State and who shall present himself before the State Board of Health and pass in a satisfactory manner an examination in anatomy and physiology, chemistry and materia medica, pathology, surgery, theory and practice, obstetrics and gynecology, hygiene and medical jurisprudence.

Dr. Gardner T. Swarts, Providence, is Secretary of the Board.

## SOUTH CAROLINA.

It is the duty of the State Board of Medical Examiners to examine all applicants for examination, who hold diplomas from any medical colleges or schools, who present certificates of good moral character, and to grant to each successful applicant a certificate entitling him to practice medicine in the State. The Board requires an examination in the following subjects: Anatomy, general and regional, physiology and histology, chemistry, toxicology, practical urinalysis, *materia medica*, and therapeutics, surgery and surgical pathology, practice and diseases of children, obstetrics and gynecology. The medical law of the State was amended on the 15th of February, 1901, so as to exclude from the provisions of the Act of 1893 all graduates holding diplomas issued by "any college of established reputation in the State of South Carolina, which has a four years' course of instruction and a standard of not less than seventy-five per cent. on examination, who make satisfactory evidence of their standing to the State Board of Medical Examiners." In accordance with the opinion of the Attorney General of the State, such graduates are not only exempt from examination, but are not required to make application for license to the Board, or pay a fee. This amendment, however, seemingly does not refer to a graduate who has taken a four years' course, but refers to and is descriptive of a college which has a four years' course of instruction. To use the words of the Attorney-General: "The limitation applies directly to the institution. When a college conforms to these qualifications and issues a diploma to a graduate, whether he has attended three years or five or six years, the mere granting of a diploma and the evidence of his standing having been made to the State Board of Examiners, the graduate is exempt from the provisions of Section 970, Volume 1, of the Revised Statutes of 1893. \* \* \* It must be left to the college to decide whether in a given instance a young man is capable of understanding or completing a four years' course within less than four years of actual time occupied in the pursuit of study within the walls of the institution."

Dr. S. C. Baker, Sumter, is Secretary of the Board.

## SOUTH DAKOTA.

A law recently enacted in South Dakota provides for the creation of a State Board of Medical Examiners and an examination of all persons not already authorized to practice. This law is now in force.

The applicant must be a graduate of a recognized medical college. Applicants who graduated since 1898 must show evidence of having taken four full courses of lectures in separate years. The examination is in the usual branches of medicine.

Reciprocity with other States is permitted.

Dr. H. E. McNutt, Aberdeen, is Secretary of the Board.

---

## TENNESSEE.

The law requires an examination in the following branches, viz.: Anatomy, physiology, chemistry, pathology, surgery, obstetrics, *materia medica* and practice. Any applicant of good moral character is eligible to examination by the State Board of Medical Examiners.

Dr. T. J. Happel, Trenton, is Secretary of the Board.

---

## TEXAS.

Any person over twenty-one years of age, of good moral character, is eligible to the examination by any one of the three Board of Medical Examiners for the State of Texas, representing the three schools of medicine. Each applicant shall be examined in the following branches: Anatomy, physiology, chemistry, *materia medica*, therapeutics, histology, pathology, practice of medicine, surgery, including diseases of the eye, ear, nose and throat; obstetrics, gynecology, hygiene and medical jurisprudence. Applications for license must be made to the President or Secretary of the Board before which the applicant desires to appear. The law provides for reciprocal relations with other States having equal requirements.

Dr. M. M. Smith, Austin, is Secretary of the Board of Medical Examiners for the State of Texas. Dr. N. O. Berizer, Austin, Secretary of the Board of Homeopathic Medical Examiners of the State Board of Texas, and Dr. L. S. Downs, Galveston, Secretary of the Board of Eclectic Medical Examiners for the State of Texas.

---

#### UTAH.

The State Board of Medical Examiners will issue certificates to all applicants who furnish proof of having received diplomas from medical colleges of good standing in the States where they exist and who pass a satisfactory examination before the Board in obstetrics, anatomy, chemistry, pathology, physiology, gynecology, surgery, *materia medica*, practice and hygiene.

Dr. R. W. Fisher, Salt Lake City, is Secretary of the Board.

---

#### VERMONT.

The regulation of the practice of medicine in this State is under the control of the Board of Censors of the State medical societies. Each examining Board apparently fixes its own standards. Section 4631 provides that each Board shall issue certificates to physicians who present to each examining Board a diploma from a medical college and who by examination satisfy the Board that they are entitled to practice. Section 4632 reads as follows: "A person not a resident of the State who has not received a diploma from a chartered medical college shall obtain a certificate from a Board of Censors in the State before he shall be permitted to practice the medical art therein." Reciprocity with other States is permitted by a 1903 amendment to the law.

Dr. S. W. Hammond, Rutland, is Secretary of the Board representing the Vermont State Medical Society. E. B. Whittaker, Barre, is Secretary of the Homeopathic Board, and Dr. P. L. Templeton, Montpelier, is Secretary of the Eclectic Board.

## VIRGINIA.

The State Board of Medical Examiners of this State is required to admit to examination any person who presents a diploma from some medical college chartered by the State in which the same is situated. The following resolution was adopted by the Board at its meeting held at Staunton, June 24-27, 1901: "Resolved, That the Medical Examining Board of Virginia will in the future decline to recognize the diploma of any college which does not conform to the requirements of the Association of Medical Colleges." When an applicant shall have made an examination satisfactory as to his proficiency, a certificate will be issued him. At present time the examination comprises the following subjects: Hygiene and medical jurisprudence, anatomy, physiology, chemistry, histology, pathology and bacteriology, materia medica and therapeutics, obstetrics and gynecology, practice and surgery.

"The Board shall have in their discretion authority to accept, in lieu of examination of an applicant, a diploma or other satisfactory evidence of the graduation of the applicant in some medical college chartered by the State or Territory in which the same is situated and a certificate from the Examining Board of any other State or Territory in which the same is situated and a certificate from the Examining Board of any other State or Territory of the United States or the District of Columbia, showing that such applicant has passed a satisfactory examination as to his proficiency and obtained a license from said Board to practice medicine and surgery in said State, Territory or District, provided that any person who was examined by the State Examining Board prior to January 1, 1900, and whose fee for such examination was duly paid but who failed to pass said examination, shall have the right and privilege of taking the examination before the State Board notwithstanding the provisions of this act."

"Replying to your letter in regard to what States Virginia will reciprocate in the matter of medicinal licensure, will say, the following resolution prevents us, at present, from reciprocating with any: 'Resolved, That the Virginia State Medical Examining Board desires to reciprocate with the Boards of other States, but deem it necessary for its own protection that every applicant

claiming such recognition shall present with his petition a diploma from a reputable college, together with an attested certificate from a State Medical Examining Board, having same requirements as our Board, and shall pass a satisfactory oral examination before a committee of the Board. Having complied with these requirements a certificate will be issued on payment of the usual fee.' Sec., February 2, 1902.

Dr. R. S. Martin, Stuart, is Secretary of the Board.

---

#### WASHINGTON.

An applicant for a license to practice medicine and surgery in this State must be a graduate\* of some duly authorized medical college now having at least a three years' graded course. Each applicant must submit to such examination as the State Board of Medical Examiners shall deem advisable. The Board may accept licenses issued by other States.

Dr. J. P. Turney, Davenport, is Secretary of the Board.

---

#### WEST VIRGINIA.

The following persons only are permitted to practice medicine in this State. First, those legally entitled to practice medicine in the State on the 22d of February, 1895; second, those who pass an examination before the State Board of Health and receive certificates from the Board. The examinations cover all the essential branches of the science of medicine and surgery, including anatomy, chemistry, bacteriology, hygiene, materia medica, physiology, practice, surgery, gynecology and obstetrics.

Dr. A. R. Barbee, Point Pleasant, is Secretary of the Board.

---

\*An act containing this requirement passed the House of Representatives, February 8, 1901 and the Senate February 14, 1901. The Act was vetoed by the Governor, and passed over the Governor's veto by the House of Representatives on February 28, 1901, and passed over the Governor's veto by the Senate February 28, 1901.

## WISCONSIN.

Any person commencing the practice of medicine or surgery shall apply to the State Board of Medical Examiners and submit to an examination in the various branches of medicine and surgery *and* present to said Board a diploma from a reputable medical college that requires at least four courses of not less than six months each before graduation; no two of said courses to be taken within any one twelve months, and that shall after the year 1901 require for admission thereto an elementary education equivalent to that necessary for entry to the junior class of an accredited high school of this State, including one year's course in Latin, and for graduation from said medical college at least four courses of not less than seven months each; no two of said courses to be taken within any one twelve months; provided, however, that any student who is now matriculated in any medical college of Wisconsin which requires four courses of six months each as a prerequisite of graduation, no two courses to be taken within one twelve months, shall on presentation of his diploma from such medical college and on payment of the fees specified in this act be admitted to practice without further examination by the State Board of Medical Examiners.

Under Chapter 306, law 1901, the Board is empowered to exempt from examination any practitioner of medicine holding a certificate from any other State Board imposing requirements equal to those established by the Board who may on presentation of the same with a diploma, be admitted to practice in this State without an examination, at the discretion of the Board, on the payment of the fee. In construing this section of the law, the Attorney General of the State has advised the State Board of Medical Examiners, that a practitioner who holds a certificate from a State Board which now imposes requirements equal to those imposed by the statutes of Wisconsin, may be licensed without examination, even though at the time the person received a certificate, the requirements in his State were not the same as those now exacted in Wisconsin.

A bill for an Act raising the standard of requirements is now in the legislature.

"Wisconsin will reciprocate with any other State having equal requirements."—Secretary, January 30, 1903.

Dr. Filip A. Forsbeck, Milwaukee, is Secretary of the Board.

---

### WYOMING.

A graduate in medicine desiring to practice in this State shall be issued a certificate by the State Board of Medical Examiners, providing he presents a diploma issued by a medical college of recognized merit, said college being a member of the American Association of Medical Colleges, the Homeopathic Institute or the National Eclectic Medical Association, or any college of similar standing in foreign countries. Persons holding diplomas, certificates or other credentials from schools or institutions of other than recognized merit, may be examined by the Board in the usual branches of medicine.

Dr. C. P. Johnson, Cheyenne, is Secretary of the Board:

---

### ATTORNEYS' REPORT.

State Medical Board, State House, City. Dear Sirs—Answering your request for report of litigations during the past year, we would say that the courts of the State have passed upon several questions of great importance in the enforcement of the medical laws of the State and the law has been very much strengthened by these adjudications.

One George P. Parks, of Lawrence county, so called Magnetic Healer, was prosecuted and convicted for practicing medicine without a license. He appealed to the Supreme Court and there sought to overthrow the amendment to the law passed in 1901. Many objections were made to the law, both as to its constitutionality and its effect, but the Supreme Court sustained the constitutionality of the law and decided that it should be enforced, holding—

1. That the indictment in the form prescribed by the statute, Section 8, page 475, Acts 1901, was sufficient to properly charge the offense.

2. That the practice of the so-called **Magnetic Healing** to cure disease was a clear violation of the law.

3. That the statute limiting the right to practice medicine to those who had complied with the law was not in conflict with the Fourteenth Amendment to the federal constitution, and that no man was thereby denied the equal protection of the law, nor deprived of his property without due process of law.

4. That the system of magnetic healing could not be regarded as a separate school of medicine and there was no discrimination against it in law.

5. That the law was not unconstitutional because it authorized consultation with physicians from without the State who were not regular practitioners nor licensed within the State, nor because it extended privileges to physicians living upon the border whose practice extended into the State but who did not open an office and receive calls within the State.

6. Neither was it an improper exercise of the power of the Legislature to place opticians upon a different basis from that of physicians, or to make exceptions in favor of nurses.

7. Neither was the law invalid because of the fact that it authorized limited licenses to persons to practice osteopathy.

The opinion of the court is to be found in 64 N. E. Rep. 862.

The numerous questions involved are very fully and ably discussed, with elaborate citation and consideration of authorities, by the Hon. John H. Gillett, one of the justices of the Supreme Court.

One of the first fruits of this decision was the departure within two days from Montgomery County of one Gilmore, who had been largely advertising himself as a **Magnetic Healer**, and who was then under indictment in a number of cases in that court, upon one of which he had been tried, but the jury had disagreed. Upon the announcement of the decision of the Supreme Court, he left for other fields.

Dr. Kiskadden, who lived and was located in **Michigan**, beyond the border of the State, and maintained an office not only there but in Ohio and also in Huntington, Ind., immediately after the present law went into operation, obtained a license in Huntington County upon either an erroneous statement of facts by his

witnesses or a misconstruction of the statement by the Board, whereby it was construed to mean that he was a resident of Huntington County. The error having been discovered, the Board sought to rectify it by revoking his license. He brought suit in the United States Court to enjoin them from so doing. After quite a long time, a demurrer was sustained to his bill. Proceedings were then begun before the Board to revoke his license, and the Board ordered that it should be revoked and canceled. He appealed to the Circuit Court of Huntington County and from there the case went to the Superior Court of Marion County, where the case was heard upon its merits by the Hon. Vinson Carter, one of the ablest judges of the State, who after careful consideration, sustained the action of the Board and established the legal proposition that the law contemplated the issuing of licenses to residents of this State only, save in particular cases which were provided for by the statute, and therefore a non-resident of the State, not coming within these exceptions, was not entitled to a license.

The amendment of 1901 contains a provision authorizing the issuing of licenses to osteopaths upon due examination as therein provided, but the law contains this provision:

“Any person now holding a diploma issued from any college of medicine in the United States, who is a resident of the State of Indiana, shall be granted a certificate and license to practice osteopathy upon presenting his diploma to the said Board and Clerk and paying the fee.”

Very soon there sprang up in various sections of the State numerous demands for licenses under this clause, by persons who were residents of the State at the time of the passage of this law and then held a diploma from certain so-called colleges of osteopathy in the United States. It was vigorously asserted that the Board had no authority to go behind the diploma presented and investigate or consider the character of the institution which issued it, but that if it was a diploma from a legally organized institution, the Board must recognize it and issue the certificate, even though the institution did not in good faith carry on a college or school wherein substantial courses of instruction was given. To this proposition the Board was unwilling to give as-

sent, and held that it was entitled to go beyond the diploma and ascertain whether or not the institution was in fact a college of osteopathy, giving a substantial course of instruction and properly equipped therefor, and not merely a diploma mill.

This question was raised by one Martin V. Aldrich, of Elkhart County, whose application to the Board for a license had been refused. He appealed to the Elkhart Circuit Court, to which the case was submitted. Upon the evidence heard and full and complete argument the case was given very careful consideration by the court, who upheld the Board in its decision and refused the license.

Other similar appeals had been taken in other counties, which, however, had been awaiting the determination of this case, and after its decision by the Elkhart Circuit Court, these other appeals were dismissed.

Dr. Methias W. Brooks, of Hazelwood, Hendricks County, was prosecuted and fined in the Hendricks Circuit Court for practicing medicine without a license. Subsequently, another indictment or information was filed against him, but this was nollied upon its being shown that the Board had prior thereto granted him a permit.

At Elkhart, Sarah Chamberlain Spooner was prosecuted for practicing without license, but upon trial by jury was acquitted.

One Daniel D. Weiser, through some oversight of the County Clerk, obtained a license in the County of Kosciusko, although his application to the Board had been refused. Upon this license he obtained other licenses in other counties, of which he was seeking to make use. Proceedings were commenced to revoke and cancel the license issued, and upon a hearing this was done by the Board.

The license of Dr. John H. Stevens, of Sheridan, upon proper proceedings, was also revoked by the Board.

One George McD. Ober succeeded in obtaining from the Clerk of Marion County a license without any certificate, probably upon an old license, the Clerk possibly not being advised as to the law. Ober was placed under arrest and criminal prosecution in Jefferson County, and proceedings were instituted before this Board to cancel and revoke his license.

In addition to these, there have been quite a number of prosecutions in the various counties of the State, some of which have failed and some of which have succeeded. In some instances they have been carried to conclusion by the Prosecuting Attorneys, while in others they have had the assistance of your own counsel.

Many matters of controversy have arisen relative to the construction and enforcement of the law, which have been disposed of upon investigation and consultation without litigation.

Several matters of very material importance to the due enforcement of the law are now under examination. As to all these various details it hardly seems necessary that your report should be encumbered.

The statements which we have given above involve those litigations and decisions which have established principles and precedents essential to the proper enforcement of the law.

Yours, etc.,

GAVIN & DAVIS.

## KEY TO COLLEGE NUMBERS USED IN COUNTY LISTS.\*

---

102. Medical Department Arkansas University, Little Rock, Ark.
106. Hahnemann Hospital College of San Francisco, San Francisco, Cal.
- 108½. Gross Medical College, Denver, Col.
109. Yale University, Medical Department, New Haven, Conn.
110. National Medical College, Medical Department, Columbian University, Washington, D. C.
111. University of Georgetown, Medical Department, Washington, D. C.
112. Howard University, Medical Department, Washington, D. C.
113. National University, Medical Department, Washington, D. C.
115. Medical College of Georgia, Medical Department, University of Georgia, Augusta, Ga.
120. Atlanta Medical College, Atlanta, Ga.
123. Georgia College of Eclectic Medicine and Surgery, Atlanta, Ga.
124. Southern Medical College, Atlanta, Ga.
- 125½. Woman's Medical College of Georgia, Atlanta, Ga.
126. Rush Medical College, Chicago, Ill.
130. Northwestern University Medical School (Chicago Medical College), Chicago, Ill.
131. Hahnemann Medical College and Hospital, Chicago, Ill.
132. Bennett College of Eclectic Medicine and Surgery, Chicago, Ill.
134. Northwestern University Woman's Medical School (Woman's Medical College of Chicago), Chicago, Ill.

## OSTEOPATHY.

---

Additional Section 4. The said Board may grant limited certificates which shall authorize the proper Clerk to issue to the holder thereof a license to practice osteopathy only. Such certificate shall be issued on the same terms and conditions as others, except that the applicant therefor shall not be required to pass an examination in *materia medica*, nor shall the college from which he presents a diploma be required to conform to the standard fixed by said Board as to instructions in *materia medica*, but such college shall so conform in all other branches of instruction. Such license shall not authorize the holder thereof to administer or prescribe or use on one other than himself any drugs or medicines, and any such administration, prescription or use of any drug or medicine by the person holding such limited license shall be practicing medicine without a license, and such person shall be punished therefor as others are punished for practicing medicine without a license: Provided, further, That any person now holding a diploma issued from any college of osteopathy in the United States, and [who] is [now] a resident of the State of Indiana, shall be granted a certificate and license to practice osteopathy upon presenting his diploma to said Board and Clerk and paying the fee required by this act.

May 15, 1901.

Whereas, by the amendments of 1901 to the medical act, the State Board of Medical Registration and Examination may grant limited certificates which will authorize the proper Clerk to issue a license to practice osteopathy only; and,

Whereas, it is provided by the law that "such certificate shall be issued on the same terms and conditions as others, except that the applicant therefor shall not be required to pass an examination in *materia medica*, nor shall the college from which he presents a diploma be required to conform to the standard fixed by

said Board as to instructions in *materia medica*, but such college shall so conform in all other branches of instruction; therefore,

"Resolved, That all applicants for registration to practice osteopathy in the State of Indiana and the colleges from which they procured their diplomas must comply with the schedules of minimum requirements in force at the time of application, except in so far as pertains to *materia medica*."

Inasmuch as the law regulating the practice of medicine, surgery and obstetrics in Indiana was, in 1901, so amended as to exempt from examination applicants for registration to practice osteopathy, who were, on March 11, 1901, residents of this State and possessed of diplomas from any osteopathic college in the United States; therefore, in order to establish what constitutes such college,

Resolved, That the diplomas of such applicants must have been issued by institutions possessing equipment and a curriculum equal to that fixed by the Associated Colleges of Osteopathy, as set forth by its Constitution in 1898.

**LIMITED CERTIFICATE.**

**OSTEOPATHY.**

**STATE BOARD OF MEDICAL REGISTRATION AND EXAMINATION  
OF THE STATE OF INDIANA.**

This is to certify, That, pursuant to the provisions of "An act regulating the practice of Medicine, Surgery and Obstetrics; providing for the issuing of licenses to practice; providing for the appointment of a State Board of Medical Registration and Examination and defining their duties; defining certain misdemeanors and providing penalties, and repealing all laws in conflict therewith and certain acts therein specified," approved March 11, 1901.....D. O. of the County of....., in the State of Indiana, whose postoffice address is....., has made application for a certificate authorizing a license to practice Osteopathy in said State, and upon evidence presented it appears that ..he is the legal possessor of a.....

.....  
.....  
.....  
issued to the person named therein; that ..he has paid the proper fee prescribed by the law and in all other respects complied with said act, and upon the presentation of this Certificate to the Clerk of.....County, is entitled to a license to practice Osteopathy in the State of Indiana.

In witness whereof, The said Board of Medical Registration and Examination has caused this Certificate to be granted and signed by its President and Secretary, and attested by its official seal at Indianapolis, this ..... day of ..... 190....

..... President.  
..... Secretary.

**LIMITED LICENSE.**

**State of Indiana, ..... County.**

I, ..... Clerk of the Circuit Court of ..... County, in the State of Indiana, do hereby certify that ..... has complied with the laws of the State of Indiana relating to the practice of "Osteopathy" only, in the County and State aforesaid. See page 481, Acts 1901.

Witness my hand and the seal of said Court, this ..... day of ..... 190....

..... Clerk.
